SAIGON (AP) — The South Vietnamese government announced today that its forces on Friday will take over a major U.S. base in the critical 3rd Corps military zone surrounding Saigon for the first time.

The South Vietnamese said the sprawling Black Horse base camp 40 miles east of the capital will be transferred to South

Vietnam's 18th Infantry Division, paving the way for more American troop withdrawals beyond the 60,000 already announced.

The camp, which contains 14 miles of roads and 955 buildings was until last June the operational base of the U.S. 11th Armored Cavalry Regiment and since then the U.S. 199th Light Infantry Brigade has been stationed there.

There has been speculation that both the 11th Armored Cavalry regiment, now stationed 65 miles north of Saigon at Quan Loi, and the 199th Light Infantry Brigade will be withdrawn from Vietnam in 1970.

Meanwhile, allied battlefield communications indicated stepped-up action across the country, but spokesmen said fighting was still at the relatively low level that has prevailed for the past seven weeks.

Allied air and ground forces reported killing 145 enemy soldiers in a dozen small clashes from the Mekong Delta to the demilitarized zone. Not more than 25 enemy were reported killed in any single fight.

South Vietnamese losses were put at three killed and 32 wounded. The U.S. Command reported one American killed and nine wounded in ground fighting and said three Americans were killed and two wounded in some of the 22 enemy rocket and mortar attacks reported from 8 a.m. Tuesday to 8 a.m. Wednesday.

South Vietnamese headquarters said two civilians were killed by enemy shelling, and 12 civilians and two government soldiers were killed when a bus ran over a Viet Cong mine in the Mekong Delta 70 miles southwest of Saigon.

U.S. B52 bombers attacked North Vietnamese base camps along the demilitarized zone for the first time in 12 days shortly after sporadic fighting broke out in the northern frontier region.

About 10 of the big bombers dropped some 300 tons of explosives in the raids. One attack hit within half a mile of the southern edge of the DMZ, north of the abandoned U.S. Marine base at Khe Sanh and 10 miles from the Laotian border.

Fifteen miles to the east, troops of the U.S. 5th Mechanized Infantry Division were attacked twice on Tuesday while operating near the allied combat base at Con Thien.

Long-standing resentment over low military pay caused the rebellion Tuesday morning by the Tacna Regiment of the army's 2nd Division. The rebels were led by Viaux, recently retired from a division command in northern Chile after he complained that a worker in the American-managed copper mines was paid more than a lieutenant colonel with 25 years service.

The terms which brought an end to the rebellion were not immediately announced.

The surrender came several hours after an undeclared midnight truce went into effect and the rebel and loyalist troops took to their beds for a good night's sleep, leaving a token force of riot police to patrol Santiago.

The rebels were holed up in the heavily fortified headquarters barracks of the Tacna Regiment near downtown Santiago.

Only one outbreak of violence was reported during the brief rebellion, and it appeared to be an accident. Rebel officers said an unidentified soldier fired his rifle Tuesday night accidentally and this set off wild gunfire at the rebel headquarters. Government officials said 14 civilians, most of them students demonstrating on behalf of the government, were injured.

Jail Cruelty At Springfield Being Probed

5 Women Inmates Freed By Judge; Charges Denied

SPRINGFIELD, Ohio (AP)—A municipal court judge has released five women inmates from the Clark County jail after one prisoner charged she was beaten, forced to drink urine and made to crawl and bark like a dog.

Judge Gerald F. Lorig said Tuesday he feared for the safety of the jail inmates and acted after receiving numerous complaints of physical and emotional abuse.

The sheriff's office denied the charges. The release of the five was spurred by one inmate who wrote to the judge Sunday from the jail and charged she was the victim of cruelty at the hands of other prisoners in the women's dormitory.

She wrote, in part: "I have been beaten. . . I've been made to drink urine. . . I was made to crawl and bark like a dog." (Continued on Page 7)

Cosmonauts Visit Houston Space Center

SPACE CENTER, Houston, Tex. (AP) — Two Soviet cosmonauts visit the American branch of the space flight fraternity today as U.S. astronauts play host in a special tour of the Manned Spacecraft Center.

The Russian spacemen, Maj. Gen. Georgi T. Beregovoi, 48, and Konstantin Feoktistov, 43, were guests Tuesday night at a dinner given them by about 30 of the American astronauts.

The Americans presented models of the Apollo command module and the Apollo lunar lander to the Soviets during the dinner, which was closed to all but spacemen and their wives.

Beregovoi, who brought his wife and son with him, and Feoktistov ended the second day of their two-week American tour at the space community around the Manned Spacecraft Center.

They flew here from Washington where they visited briefly with President Nixon at the White House. The Soviets arrived in New York Monday and surprised their hosts by canceling plans to visit Cape Kennedy.

Minutes after their arrival here, Astronaut Frank Borman showed them the T38 jets astronauts use to fly between space facilities in the United States. Borman is serving as their guide.

Beregovoi climbed into a cockpit and talked with Borman through an interpreter.

The Soviets came to America on the invitation of Borman, who toured the Soviet Union earlier this year after commanding the Apollo 8 flight around the moon.

Council Passes Four Ordinances

Circleville Council passed four ordinances and held a resolution authorizing application for a grant for construction of a new sewage disposal plant for further study.

The councilmen approved an ordinance transferring \$750 from the income tax general fund to the auditor's clerk hire fund by a 6-1 vote. The money was to pay for figuring North Storm Sewer District assessments so they could be certified to the county auditor, Councilman David Goldschmidt explained.

Councilman Boyd Horn cast the lone dissenting vote, stating that he believed the city could not spend the income tax money until court cases pending against the legislation were decided.

An ordinance to place street lights at Dartmouth Drive and on Williams Road was passed unanimously. It was introduced by Councilman Noble Barr.

Councilmen also approved two ordinances authorizing the service director to advertise for bids for construction of new main doors to the fire department and for construction of an addition to the city garage on E. Ohio St.

Councilman David Crawford pointed out to his fellow solons that funds for the two projects would come from money already appropriated.

Crawford announced that a meeting to explain the application for the grant for construction of a sewage disposal plant will be held the first part of next week. He noted that other grants available will also be aired at the meeting. Councilman Harold Clifton noted the grants were important and should be studied by council.

Mayor Richard Gerhardt said that there is presently no federal money available for construction of sewage plants, but money is available from the last state bond issue passed. He noted that Circleville ranks high on the priority list and will probably be eligible to receive a loan covering 100 per cent of the cost of the project. The mayor noted that 70 per cent of the loan will have to be repaid.

Mayor Gerhardt said that an application for a federal planning grant had been turned down because of a lack of funds. He said the city will now have to provide the money for planning.

In his preliminary remarks to council, he noted that a grant may be available which would make it economically feasible to extend water and sewer to the Lowery Lane and Turner Addition areas in the city's south end.

SEATTLE (AP) — Seven American generals paid final respects today to the four U.S. soldiers killed Saturday in a North Korean ambush inside the demilitarized zone.

The generals, including John H. Michaelis, commander of U.N. and U.S. forces in Korea, stood with their heads bowed as the 7th Division band played a funeral dirge and the four aluminum coffins were carried to a plane waiting on the flight line at Kimpo Air Base to carry the bodies home.

The soldiers were S. Sgt. James R. Grissinger, 21, of Wooster, Ohio; Spec. 4 Charles E. Taylor Jr., 20, of Reedsport, Ore.; Pfc. William E. Grimes, 21, of Salinas, Calif.; and Spec. 4 Jack L. Morris, 20, of Boone, Iowa.

All four were assigned to the 1st Battalion, 32nd Infantry, 7th U.S. Infantry Division.

A 47-man honor guard from the division stood on the airfield apron as the caskets, covered with American flags, were carried to the plane.

Following the ceremony, the aircraft left for Yokota Air Base, Japan, and Travis Air Force Base, Calif.

Liberal Demo Sam Massell Wins Atlanta Mayor's Race

ATLANTA, Ga. (AP) — Liberal Democrat Sam Massell piled up big margins in Negro districts to win election as mayor Tuesday over Republican Rodney Cook.

Massell, 42, vice mayor of Atlanta for eight years, received 62,632 votes to Cook's 51,289.

Cook, an alderman and state legislator, carried most of the mainly white wards, but was far behind in Negro areas.

Massell, a Jew, will have as his vice mayor Maynard Jackson, a Negro, first of his race to win the city's second highest office. Jackson won a majority in the Oct. 7 general election and was not involved in Tuesday's runoff.

Of Atlanta's 218,000 registered voters, about 85,000 are Negroes. One election observer said about 70 per cent of the black voters cast ballots.

Retiring Democratic Mayor Ivan Allen Jr., who called for Massell to withdraw from the race last Sunday because of what he termed improper fund raising, called the vice mayor's win "a great victory."

He went to Massell's headquarters to congratulate him. Allen said it appeared Massell had won a "strong mandate."

Massell claimed he was "smearred" when newspapers reported that his brother, accompanied by a police captain, solicited campaign funds from nightclubs. Massell denied any personal wrongdoing.

He charged that Allen, Cook and three other businessmen constituted a "power pack" trying to stop him at any cost because they couldn't control

him and because he was a Jew.

Massell won 12,487 votes to 1,035 for Cook in one large Negro ward. He also picked up about 25 per cent of the vote in white areas.

"I was elected by the people and I'll be the people's mayor," he said in a victory statement.

WASHINGTON (AP) — President Nixon, battling Congress over money again, says a \$60 increase over the \$130 monthly education benefit available to a returning Vietnam veteran is excessive.

The \$60 increase is in a bill that goes on the Senate calendar today and may be called up Thursday for debate.

"A President, I have no option but to view with extreme concern the possible enactment of this measure," Nixon said Tuesday in possibly hinting a veto if the bill passes.

The President's statement came in a letter to Sen. Ralph W. Yarborough, D-Tex., chairman of a Senate Labor subcommittee which championed the \$60 boost.

A House-approved version of the bill called for a \$35 jump and Nixon said he favored a \$17 increase.

The \$17 figure the President is pushing is the recommendation of a Cabinet-level committee headed by Veterans Administrator Donald E. Johnson.

Backers of a hefty boost in the GI educational benefits say the \$130 base currently allowed is totally inadequate and as a result young soldiers returning from Vietnam are forced to pass up college or training. Veterans Administration statistics show that out of 3.1 million Vietnam era veterans in civilian life, only 754,424 or just under 24 per cent, participated in training programs in the three years which ended last June 30.

PRAGUE (AP) — The purge of liberals in Czechoslovakia has widened to include reform-minded managers of the state-owned industrial enterprises.

Simon reportedly wants increased military aid for his nation, which he believes should be the major peacekeeping force in the strategic Persian Gulf.

against the legislation were decided.

An ordinance to place street lights at Dartmouth Drive and on Williams Road was passed unanimously. It was introduced by Councilman Noble Barr.

COUNCILMEN also approved two ordinances authorizing the service director to advertise for bids for construction of new main doors to the fire department and for construction of an addition to the city garage on E. Ohio St.

Councilman David Crawford pointed out to his fellow solons that funds for the two projects would come from money already appropriated.

Crawford announced that a meeting to explain the application for the grant for construction of a sewage disposal plant will be held the first part of next week. He noted that other grants available will also be aired at the meeting. Councilman Harold Clifton noted the grants were important and should be studied by council.

Mayor Richard Gerhardt said that there is presently no federal money available for construction of sewage plants, but money is available from the last state bond issue passed. He noted that Circleville ranks high on the priority list and will probably be eligible to receive a loan covering 100 per cent of the cost of the project. The mayor noted that 70 per cent of the loan will have to be repaid.

Mayor Gerhardt said that an application for a federal planning grant had been turned down because of a lack of funds. He said the city will now have to provide the money for planning.

In his preliminary remarks to council, he noted that a grant may be available which would make it economically feasible to extend water and sewer to the Lowery Lane and Turner Addition areas in the city's south end.

SEATTLE (AP) — Seven American generals paid final respects today to the four U.S. soldiers killed Saturday in a North Korean ambush inside the demilitarized zone.

The generals, including John H. Michaelis, commander of U.N. and U.S. forces in Korea, stood with their heads bowed as the 7th Division band played a funeral dirge and the four aluminum coffins were carried to a plane waiting on the flight line at Kimpo Air Base to carry the bodies home.

The soldiers were S. Sgt. James R. Grissinger, 21, of Wooster, Ohio; Spec. 4 Charles E. Taylor Jr., 20, of Reedspoint, Ore.; Pfc. William E. Grimes, 21, of Salinas, Calif.; and Spec. 4 Jack L. Morris, 20, of Boone, Iowa.

All four were assigned to the 1st Battalion, 32nd Infantry, 7th U.S. Infantry Division.

A 47-man honor guard from the division stood on the airfield apron as the caskets, covered with American flags, were carried to the plane.

Following the ceremony, the aircraft left for Yokota Air Base, Japan, and Travis Air Force Base, Calif.

Liberal Demo Sam Massell Wins Atlanta Mayor's Race

ATLANTA, Ga. (AP) — Liberal Democrat Sam Massell piled up big margins in Negro districts to win election as mayor Tuesday over Republican Rodney Cook.

Massell, 42, vice mayor of Atlanta for eight years, received 62,632 votes to Cook's 51,289.

Cook, an alderman and state legislator, carried most of the mainly white wards, but was far behind in Negro areas.

Massell, a Jew, will have as his vice mayor Maynard Jackson, a Negro, first of his race to win the city's second highest office. Jackson won a majority in the Oct. 7 general election and was not involved in Tuesday's runoff.

Of Atlanta's 218,000 registered voters, about 85,000 are Negroes. One election observer said about 70 per cent of the black voters cast ballots.

Retiring Democratic Mayor Ivan Allen Jr., who called for Massell to withdraw from the race last Sunday because of what he termed improper fund raising, called the vice mayor's win "a great victory." He went to Massell's headquarters to congratulate him. Allen said it appeared Massell had won a "strong mandate."

Massell claimed he was "smeared" when newspapers reported that his brother, accompanied by a police captain, solicited campaign funds from nightclubs. Massell denied any personal wrongdoing.

He charged that Allen, Cook and three other businessmen constituted a "power pack" trying to stop him at any cost because they couldn't control

him and because he was a Jew. Massell won 12,487 votes to 1,035 for Cook in one large Negro ward. He also picked up about 25 per cent of the vote in white areas.

"I was elected by the people and I'll be the people's mayor," he said in a victory statement.

Nixon Fights Viet Veteran Benefit Hike

WASHINGTON (AP) — President Nixon, battling Congress over money again, says a \$60 increase over the \$130 monthly education benefit available to a returning Vietnam veteran is excessive.

The \$60 increase is in a bill that goes on the Senate calendar today and may be called up Thursday for debate.

"A President, I have no option but to view with extreme concern the possible enactment of this measure," Nixon said Tuesday in possibly hinting a veto if the bill passes.

The President's statement came in a letter to Sen. Ralph W. Yarborough, D-Tex., chairman of a Senate Labor subcommittee which championed the \$60 boost.

A House-approved version of the bill called for a \$35 jump and Nixon said he favored a \$17 increase.

The \$17 figure the President is pushing is the recommendation of a Cabinet-level committee headed by Veterans Administrator Donald E. Johnson.

Backers of a hefty boost in the GI educational benefits say the \$130 base currently allowed is totally inadequate and as a result young soldiers returning from Vietnam are forced to pass up college or training.

Veterans Administration statistics show that out of 3.1 million Vietnam era veterans in civilian life, only 754,424 or just under 24 per cent, participated in training programs in the three years which ended last June 30.

Czechoslovak Purge Reaches Industries

PRAGUE (AP) — The purge of liberals in Czechoslovakia has widened to include reform-minded managers of the state-owned industrial enterprises.

Josef Simon, industry minister of the Czech region, disclosed in an interview Tuesday that a priority campaign is underway to rid his ministry and the industry of "right-wing and opportunistic elements."

Gulf Coast Battens Down Against Winds

MIAMI (AP) — Shoving squalls and high tides ahead of her, Hurricane Laurie thrashed eastward across the Gulf of Mexico today aiming her 100-mile-an-hour winds at Florida's heavily populated west coast.

Forecasters said tides would roll up to four feet higher than normal today in the Tampa-to-Naples area, about 150 miles, and warned that Laurie would be preceded by squalls with winds up to 35 m.p.h.

Small boats were told to stay in port all along the Gulf Coast and people in low areas were advised to be ready for quick action once the storm's landing point was apparent.

The big, wet storm was moving at about 10 miles an hour on a southeast course, headed for Florida's southwest tip.

Forecasters at the National Hurricane Center in Miami said Laurie was about 315 miles southwest of Fort Myers and 375 miles west northwest of Key West late this morning.

A hurricane watch was posted from Cedar Key south to Everglades, a small community below Naples.

Dr. Robert Simpson, head of the hurricane center, said Laurie would batter the coast sometime Thursday morning. He said it was impossible to tell where she would make land.

Laurie's gales stretched 200 miles east and 125 miles west of her center.

Simpson said, "It is a very large, wet hurricane and is capable of bringing considerable damage to a large stretch of coastline."

Italian Riots Shake Rumor

ROME (AP) — Rioting broke out between strikers and police in Milan today as a nationwide wave of labor disputes worsened. The stability of Premier Mariano Rumor's government appeared threatened.

Striking workers of the big Montedison chemical combine, supported by strikers from the Farmitalia Pharmaceutical Co., smashed down the door and broke into Montedison's downtown Milan office building.

They overturned and wrecked about 20 cars belonging to company officials.

Police used clubs and tear gas against the stone-throwing demonstrators. One policeman was hospitalized and many of the demonstrators suffered bruises. They finally were driven away from the building.

Rumor met with his Cabinet in Rome to seek some means of stemming the rising wave of strikes.

Shah Of Iran Winds Up Visit

WASHINGTON (AP) — President Nixon has wound up a state visit by the Shah of Iran with an exchange of glowing toasts and an invitation for Nixon to visit the Shah's kingdom again.

In champagne toasts at a state dinner Tuesday night Nixon had warm tributes for the Shah, whom he met on visits to Iran in 1953 and 1967.

During the day the two heads of state conferred privately. The Shah reportedly wants increased military aid for his nation, which he believes should be the major peacekeeping force in the strategic Persian Gulf.

Call Gen. Turner Back In Army Graft Probe

WASHINGTON (AP) — Retired Maj. Gen. Carl C. Turner was called to testify today before a Senate subcommittee investigating charges that as provost marshal he blocked an Army probe into alleged multimillion-dollar graft by a ring of top enlisted men.

Turner has admitted he sold some of the weapons he received from the two departments. But he has insisted, despite signed receipts stating the opposite, the weapons were given to him personally and not in his official capacity.

The inquiry into Turner's gun transactions developed in the midst of the Senate investigations subcommittee's probe into

the allegations he had used his position as provost marshal to cover up a criminal syndicate of sergeants organized to loot the NCO clubs they ran.

Lt. Col. Jack Pruett, who in 1967 commanded the Army's Criminal Investigations Division Washington detachment, testified he had informed Turner there were several outstanding allegations against Sgt. Maj. William Woodridge which demanded investigation.

Woodridge at one time was sergeant major at the Army, the highest rank for an enlisted man.

Pruett said these included alleged leadership of a band of

sergeants formed in Augsburg, Germany, to systematically loot the recreation clubs they ran.

Pruett said the file of the Augsburg investigation—which estimated thefts from slot machines alone at up to \$350,000 annually—was ordered sealed by Turner and denied to CID agents at Ft. Benning, Ga., who were probing similar allegations against the same enlisted men.

He said another aspect of the investigation was an allegation that a priority campaign is underway to rid his ministry and the industry of "right-wing and opportunistic elements."

U.S. currency, U.S. military payment certificates and South Vietnamese piastres.

"Gen. Turner told me many people had been accused of many things and Sgt. Maj. Woodridge was just a good 'ol country boy," Pruett testified.

Another investigator, Warrant Officer Reis R. Kash, characterized Turner's actions as a "fix."

Col. James C. Shultz, then executive officer of the investigations detachment and now deputy provost marshal general, testified he was ordered to leave Turner's office when he complained that the Woodridge case was being squelched.

Armed Forces Enlistments Rise Despite Eased Draft

WASHINGTON (AP) — The armed services surprisingly are filling their enlistment quotas—and then some—despite President Nixon's moves to reduce the impact of the draft.

Enlistment figures from the Army, Marines, Navy and Air Force show they have had no trouble reaching their volunteer objectives.

This comes as a surprise to some Pentagon manpower officials. They anticipated a drop in enlistments after Nixon more than a month ago canceled November-December draft calls and said he would order Selective Service reforms about Jan. 1.

The draft long has been considered a stimulus to enlistments, with many youths preferring to sign up for the service and sometimes the assignment of their choice rather than being hauled in and put where the Army needs them.

Officials said they don't know how to explain what's been happening. But they are particularly pleased because enlistments haven't slackened amid rising public ferment over the war in Vietnam.

The Army recruiting command reported it signed up 20,525 young men during September—114.7 per cent of the objective of 17,900.

Nixon made his announcement Sept. 19, which left more than a third of the month in which a downtrend in enlist-

ments could have taken hold. October Army enlistments ran ahead of schedule for the first 12 days of the month, the latest

NBC Offers Cut-Rate Political Time

WASHINGTON (AP) — The National Broadcasting Company, hoping to head off a congressional crackdown on the high price of election campaigning, plans to slash the cost of all political ads on its own TV stations by 50 per cent in 1970.

The development was included in NBC President Julian Goodman's prepared testimony for delivery today to the Senate communications subcommittee.

A copy of the closely guarded testimony was obtained by the Associated Press.

Goodman's testimony said the 50 per cent discount would apply to the five television stations NBC owns. He also said the network was working to help its 195 affiliated stations offer time at reduced cost to local candidates.

Also on the drawing boards, said Goodman, are plans for reduced-rate time slots for the 1972 presidential contenders and to make some free half hour segments available if Congress waves the law requiring stations to give equal time to all opposing candidates.

The subcommittee, headed by Democrat John O. Pastore of Rhode Island, opened three days of hearing Tuesday on proposals to curb the sky-rocketing cost of broadcast campaigning.

Numerous groups have suggested legislation, but the committee has only one actual bill before it. That measure would require television stations to cut the cost of hour spots by 70 per cent and the price of programs five minutes or longer by as much as 80 per cent for Senate and House candidates.

Draft Board Fire Being Probed

PAINESVILLE, Ohio (AP) — FBI agents are investigating a fire at the draft board in Painesville—the third such fire in Northern Ohio in a month.

On Tuesday, arsonists set fire to records piled on the floor of the selective service office in Lorain, destroying thousands of documents.

Fire broke out shortly after 2 a.m. today at the Lake County draft board on East Erie Street in downtown Painesville.

period for which figures are available. A total of 6,027 men volunteered, nearly 33 per cent of the month's goal.

The Marine Corps said its September enlistment quota of 6,100 was exceeded by 68 men and its October quota of 6,200 was more than half filled as of Oct. 11.

The Navy reported it planned for 8,000 volunteers in September, and 8,046 signed on.

The Navy's October objective of 7,482 enlistments also was more than half subscribed as of mid-October.

The Air Force asked for 7,342 volunteers in September but fell 9 men short. No Air Force figures are available as yet for October enrollments.

Although the bulk of draftees go into the Army, the presence of the Selective Service has an impact on the availability of volunteers for the other services.

Secretary of Defense Melvin R. Laird canceled the November-December draft calls totaling 50,000 and ordered that the October draft call of 29,000 be spread over the three-month period.

He has forecast a January draft call of 35,000 men, but has said that this will be reviewed during December.

If enlistments remain up, the January call need not be increased and possibly could be decreased.

Dinis Plans Inquest After Autopsy Ruling

WILKES-BARRE, Pa. (AP) — Dist. Atty. Edmund Dinis says he will proceed with plans for an inquest into the death of Mary Jo Kopecne whether or not a judge permits exhumation of her body for an autopsy.

Judge Bernard C. Brominski of Common Pleas Court reserved judgment Tuesday after a two-day hearing on a petition by the Massachusetts official to have the body disinterred for a postmortem examination.

Dinis had contended that an autopsy was needed to pin down the cause of the death of the 28-year-old secretary whose body was found July 19 in Sen. Edward M. Kennedy's submerged car. Dr. Donald R. Mills, associate medical examiner of Duke county, Mass., ruled she drowned.

Brominski gave no indication when he would hand down his verdict. Court sources said it was unlikely to come until after a Nov. 4 election in which Brominski is seeking a second 10-year term on the bench.

"I don't think we'll go any further on appeal if we lose," Dinis said after adjournment of the hearing.

"I have no complaints. I'm satisfied that we did the best we could, that we were treated fairly here and that we will abide by the decision."

Dinis contended at the hearing that the condition of Miss Kopecne's body when it was removed from the senator's car, submerged in a tidal pond after plunging off narrow Dyke Bridge, "may or may not have been consistent with death by drowning."

There was conflicting testimony by pathologists on whether an autopsy now would show whether the girl died of some cause other than drowning.

A Dinis assistant, in cross-examining witnesses, asked whether the cause of death might have been manual strangulation or a skull fracture.

Kennedy, the Massachusetts Democratic senator, did not attend the hearing. He was in Brussels for a meeting of the North Atlantic Assembly.

Kennedy's voice on the tape recording went into the court record over the vigorous objection of attorneys for Mr. and Mrs. Joseph A. Kopecne, who said they were "unalterably opposed" to the proposed disturbing of their daughter's grave in nearby Larksville.

"An autopsy would be just like another funeral to us," testified the girl's father, a Berkeley Heights, N.J., insurance man.

His wife sat quietly in the courtroom, her head bowed. Brominski allowed the tape into evidence "in the event that it is inconsistent with other testimony of the witnesses."

Kennedy told the nation in his TV talk that Miss Kopecne died in an accident around 11:15 p.m. July 18 after a Chappaquiddick Island party.

Deputy Sheriff Christopher Look Jr. of Edgartown, Mass., testified Monday he saw Kennedy's car around 12:45 a.m. the next day driving toward Dyke Bridge.

Dinis sought for two days to

get into the record a statement Kennedy made to police about 10 hours after the accident, but the judge overruled him on grounds it was hearsay.

Dinis said this version differed from Kennedy's July 25 broadcast explanation.

'Y' Classes Begin Monday

Pickaway County YMCA Informal Education will start Monday. Classes will be open to YMCA members and non-members. There are, however, membership rates on all courses. Classes will run for eight weeks ending the week of Dec. 8. Although the majority of classes are eight hours, some run for 12 and 15 hours.

Registration can be made by mailing in the registration form and fee or bringing them to the YMCA office at 151 E. Franklin St.

Informal Education brochures and registration forms will be sent out on request. Although no registrations will be taken over the phone, information is available by calling your YMCA office.

Included in the fall schedule of classes will be ten new courses. On Tuesdays, 9 to 10 a.m., Mrs. Joy Rae will teach a course in women's team sports and jogging; at 10 to 11 a.m., a course in tote painting will be taught by Mrs. Jane Resler. On Tuesday evening the new courses include judo, 6:30 to 8 p.m.; beginning yoga, 7 to 8 p.m.; Spanish, 7 to 8 p.m.; public speaking, 7:30 to 8:30 p.m.; women's self defense, 8 to 9 p.m. and beginning karate, 9 to 10 p.m.

Wednesday's classes include beginning baton, 3:30 to 4:30 p.m.; ballet 3:30 to 4:30 p.m.; handwriting analysis, 7:30 to 9 p.m. and plain and fancy cooking, 7:30 to 8:30 p.m.

In addition to the new courses added this semester, Y's gymnastics on Tuesdays and Thursdays, youth and adult guitar, flower arranging, painting, knitting, interior decorating, cake decorating and investments will be offered.

Special men's physical fitness classes will be offered on Mondays and Wednesdays from 5:30 to 6:30 p.m. and every afternoon from noon to 1 p.m.

Armed Forces Enlistments Rise Despite Eased Draft

WASHINGTON (AP) — The armed services surprisingly are filling their enlistment quotas—and then some—despite President Nixon's moves to reduce the impact of the draft.

Enlistment figures from the Army, Marines, Navy and Air Force show they have had no trouble reaching their volunteer objectives.

This comes as a surprise to some Pentagon manpower officials. They anticipated a drop in enlistments after Nixon more than a month ago canceled November-December draft calls and said he would order Selective Service reforms about Jan. 1.

The draft long has been considered a stimulus to enlistments, with many youths preferring to sign up for the service and sometimes the assignment of their choice rather than being hauled in and put where the Army needs them.

Officials said they don't know how to explain what's been happening. But they are particularly pleased because enlistments haven't slackened amid rising public ferment over the war in Vietnam.

The Army recruiting command reported it signed up 30,525 young men during September—114.7 per cent of the objective of 17,900.

Nixon made his announcement Sept. 19, which left more than a third of the month in which a downtrend in enlist-

ments could have taken hold. October Army enlistments ran ahead of schedule for the first 12 days of the month, the latest

NBC Offers Cut-Rate Political Time

WASHINGTON (AP) — The National Broadcasting Company, hoping to head off a congressional crackdown on the high price of election campaigning, plans to slash the cost of all political ads on its own TV stations by 50 per cent in 1970.

The development was included in NBC President Julian Goodman's prepared testimony for delivery today to the Senate communications subcommittee. A copy of the closely guarded testimony was obtained by the Associated Press.

Goodman's testimony said the 50 per cent discount would apply to the five television stations NBC owns. He also said the network was working to help its 195 affiliated stations offer time at reduced cost to local candidates.

Also on the drawing boards, said Goodman, are plans for reduced-rate time slots for the 1972 presidential contenders and to make some free half hour segments available if Congress waves the law requiring stations to give equal time to all opposing candidates.

The subcommittee, headed by Democrat John O. Pastore of Rhode Island, opened three days of hearing Tuesday on proposals to curb the sky-rocketing cost of broadcast campaigning.

Numerous groups have suggested legislation, but the committee has only one actual bill before it. That measure would require television stations to cut the cost of hour spots by 70 per cent and the price of programs five minutes or longer by as much as 80 per cent for Senate and House candidates.

Draft Board Fire Being Probed

PAINESVILLE, Ohio (AP) — FBI agents are investigating a fire at the draft board in Painesville—the third such fire in Northern Ohio in a month.

On Tuesday, arsonists set fire to records piled on the floor of the selective service office in Lorain, destroying thousands of documents.

Fire broke out shortly after 2 a.m. today at the Lake County draft board on East Erie Street in downtown Painesville.

Honor Medal Winner Returns To Vietnam

FT. BRAGG, N.C. (AP) — Spec. 6 Lawrence Joel, 41, who was awarded the Medal of Honor in 1967, is returning to Vietnam next month at his request.

Joel, of Winston-Salem, N.C., a medic with the 82nd Airborne Division, said, "I like action. I don't like to sit still."

period for which figures are available. A total of 6,027 men volunteered, nearly 33 per cent of the month's goal.

The Marine Corps said its September enlistment quota of 6,100 was exceeded by 68 men and its October quota of 6,200 was more than half filled as of Oct. 11.

The Navy reported it planned for 8,000 volunteers in September, and 8,046 signed on.

The Navy's October objective of 7,482 enlistments also was more than half subscribed as of mid-October.

The Air Force asked for 7,342 volunteers in September but fell 9 men short. No Air Force figures are available as yet for October enrollments.

Although the bulk of draftees go into the Army, the presence of the Selective Service has an impact on the availability of volunteers for the other services.

Secretary of Defense Melvin R. Laird canceled the November-December draft calls totaling 50,000 and ordered that the October draft call of 29,000 be spread over the three-month period.

He has forecast a January draft call of 35,000 men, but has said that this will be reviewed during December.

If enlistments remain up, the January call need not be increased and possibly could be decreased.

Dinis Plans Inquest After Autopsy Ruling

WILKES-BARRE, Pa. (AP) — Dist. Atty. Edmund Dinis says he will proceed with plans for an inquest into the death of Mary Jo Kopechne whether or not a judge permits exhumation of her body for an autopsy.

Judge Bernard C. Brominski of Common Pleas Court reserved judgment Tuesday after a two-day hearing on a petition by the Massachusetts official to have the body disinterred for a postmortem examination. Dinis had contended that an autopsy was needed to pin down

the cause of the death of the 28-year-old secretary whose body was found July 19 in Sen. Edward M. Kennedy's submerged car. Dr. Donald R. Mills, associate medical examiner of Duke County, Mass., ruled she drowned.

The final court session included a replay of a taped recording of the senator's voice giving his version, on national television July 25, of circumstances surrounding the girl's death on Chappaquiddick Island in the

Martha's Vineyard resort area of Massachusetts.

Brominski gave no indication when he would hand down his verdict. Court sources said it was unlikely to come until after a Nov. 4 election in which Brominski is seeking a second 10-year term on the bench.

"I don't think we'll go any further on appeal if we lose," Dinis said after adjournment of the hearing.

"I have no complaints. I'm satisfied that we did the best we could, that we were treated fairly here and that we will abide by the decision."

Dinis contended at the hearing that the condition of Miss Kopechne's body when it was removed from the senator's car, submerged in a tidal pond after plunging off narrow Dyke Bridge, "may or may not have been consistent with death by drowning."

There was conflicting testimony by pathologists on whether an autopsy now would show whether the girl died of some cause other than drowning.

A Dinis assistant, in cross-examining witnesses, asked whether the cause of death might have been manual strangulation or a skull fracture.

Kennedy, the Massachusetts Democratic senator, did not attend the hearing. He was in Brussels for a meeting of the North Atlantic Assembly.

Kennedy's voice on the tape recording went into the court record over the vigorous objection of attorneys for Mr. and Mrs. Joseph A. Kopechne, who said they were "unilaterally opposed" to the proposed disturbing of their daughter's grave in nearby Larksville.

"An autopsy would be just like another funeral to us," testified the girl's father, a Berkeley Heights, N.J., insurance man.

His wife sat quietly in the courtroom, her head bowed. Brominski allowed the tape into evidence "in the event that it is inconsistent with other testimony of the witnesses."

Kennedy told the nation in his TV talk that Miss Kopechne died in an accident around 11:15 p.m. July 18 after a Chappaquiddick Island party.

Deputy Sheriff Christopher Look Jr. of Edgartown, Mass., testified Monday he saw Kennedy's car around 12:45 a.m. the next day driving toward Dyke Bridge.

Dinis sought for two days to

get into the record a statement Kennedy made to police about 10 hours after the accident, but the judge overruled him on grounds it was hearsay.

Dinis said this version differed from Kennedy's July 25 broadcast explanation.

'Y' Classes Begin Monday

Pickaway County YMCA Informal Education will start Monday. Classes will be open to YMCA members and non-members. There are, however, membership rates on all courses. Classes will run for eight weeks ending the week of Dec. 8. Although the majority of classes are eight hours, some run for 12 and 15 hours.

Registration can be made by mailing in the registration form and fee or bringing them to the YMCA office at 151 E. Franklin St.

Informal Education brochures and registration forms will be sent out on request. Although no registrations will be taken over the phone, information is available by calling your YMCA office.

Included in the fall schedule of classes will be ten new courses. On Tuesdays, 9 to 10 a.m., Mrs. Joy Rae will teach a course in women's team sports and jogging; at 10 to 11 a.m., a course in tote painting will be taught by Mrs. Jane Resler. On Tuesday evening the new courses include judo, 6:30 to 8 p.m.; beginning yoga, 7 to 8 p.m.; Spanish, 7 to 8 p.m.; public speaking, 7:30 to 8:30 p.m.; women's self defense, 8 to 9 p.m. and beginning karate, 9 to 10 p.m.

Wednesday's classes include beginning baton, 3:30 to 4:30 p.m.; ballet 3:30 to 4:30 p.m.; handwriting analysis, 7:30 to 9 p.m. and plain and fancy cooking, 7:30 to 8:30 p.m.

In addition to the new courses added this semester, Y's gymnastics on Tuesdays and Thursdays, youth and adult guitar, flower arranging, painting, knitting, interior decorating, cake decorating and investments will be offered.

Special men's physical fitness classes will be offered on Mondays and Wednesdays from 5:30 to 6:30 p.m. and every afternoon from noon to 1 p.m.

The Gates Close

The leading Czech export for the last year or more has been tourists, according to a story going to the rounds in Prague. As many as 90,000 Czechs are estimated to have fled their country since the Soviet tanks rolled in.

This has been hurting not only the communist ego but the communist economy, because money also leaves with the "tourists." Consequently, the rulers of the restored "people's democracy" have shut the gates to all except travelers escorted by Cedok, the

government tourist agency.

And that does not offer much prospect, for Cedok has already been embarrassed by the number of international-tour customers who did not show up for the trip home.

Dropping an iron curtain remains the handiest communist answer to an unhappy people. As with East Germany, eight years behind the wall, the Czech regime is admitting failure to make life attractive enough to keep people home in the first place.

The Business World

By JOHN CUNIFF

NEW YORK (AP) — The speed with which American business can adjust to changing conditions, the power of its positive thinking, the ingenuity of its marketing men should never again be doubted. Almost anything is possible.

Within hours after the government announced that the artificial sweeteners called cyclamates would be withdrawn from the general market, the multi-million dollar diet drink industry raced to comply.

Amazing when you consider that cyclamates in diet drinks were felt to be what cocoa is in a chocolate bar: an essential ingredient without which there wouldn't be a product.

The availability of cyclamates was perhaps the main reason for the development of this relatively new industry.

In the 1960s the diet drink industry became one of the fastest growing in America. Diabetics and sufferers of high blood pressure felt they could drink them without fear. And calorie-conscious drinkers found the absence of sugar much to their liking.

After the government announced its ban Saturday, be-

cause tests showed massive doses had caused cancer in rats, there was immediate speculation that some of the best known brand names in America might disappear.

How wrong! Within hours it was known that the impact would not be a death blow because new formulas already were prepared. And almost as quickly it was realized that to some in the industry here was a golden opportunity.

In marketing soap or cereal or soft drinks it is always useful to have something interesting on the label. "Ten cents off" is a common gimmick, but its a costly one too. "New" may be more effective and less costly.

The trouble with "new" is that people have become too used to it. "New" can mean very little indeed, perhaps just a new bottle or a label. It's very difficult to come up with something really new.

Now that they have something really new to work with—revolutionarily new, in fact—the advertising and marketing men are almost breathless, although as usual, not wordless.

Almost as fast as advertisements can be prepared, at least one major soft drink manufac-

turer announced a brand new package with a great big "NEW." And what was new about it? For one thing, it will have none of those suspect chemicals called cyclamates.

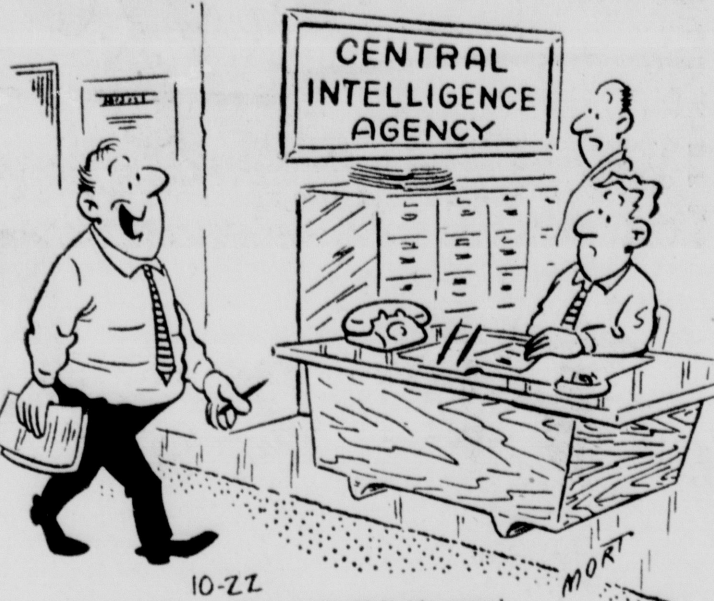

But there are, apparently more major advances. The new drink will be better tasting, of course. And, remarkably, it will contain an ingredient called "real sugar," the same kind that was removed from conventional soft drinks to create the diet drink industry.

The speed with which this is taking place is an obvious contrast to the fight between the federal government and the cigarette industry. The evidence against cyclamates, quantitatively, is a fraction of that against cigarettes.

The real story is that government is powerful in the area of food additives, the result of an amendment in 1958 to the Food, Drug and Cosmetic Act, giving it almost dictatorial rights.

This same power does not exist in regard to cigarettes. And, as the cigarette industry continues to claim, the evidence against cigarettes is not as conclusive as critics make it. And so that fight goes on.

Speaking Of Your Health

By Lester L. Coleman, M.D.

In a recent column I pointed out that many adolescent boys and girls found it easier to speak about their problems to the parents of their friends rather than their own. Many of my readers wrote to me and tried to explain the lack of communication between them and their children. There seem to be many valid reasons none of which applied to all situations, leaving the problem as extensive as ever.

It is an undeniable truth that children avoid presenting their emotional problems to their parents for fear of being embarrassed or criticized. Of equal importance is the fact that young people with venereal disease, or those who are pregnant, avoid open discussion with their parents or even with their doctor for fear their trouble will be revealed. This leads to severe complications of conditions that might otherwise have been helped.

Young teenagers and adults need someone to talk to and must be given the assurance that their problems will not be further discussed without their specific permission. Only then can we interrupt the tidal wave of physical and emotional problems that envelop so many young people.

A very exciting program has been established at the Children's Hospital in Los Angeles by Dr. Dale C. Garrell, which, if duplicated, may be an important contribution to adolescents and their parents. Under his guidance a telephone emergency service is monitored around the clock to provide troubled or disturbed adolescents with a trained listener. Members of Dr. Garrell's staff take calls and direct these troubled people in an effort to solve their physical, social and emotional problems.

The doctors who are trained in the psychology of the adolescent assure them that they and their problems will be kept in complete confidence. This immediately sets up a sympathetic relationship between the worried caller and the experienced listener.

It has always been my belief that the problems of the adolescent are different from those of the adult, and that they need the guiding hand of specialists in adolescent medicine. This is a vast, untapped field in the practice of medicine that encompasses the emotional and physical problems of the young adult. They can be directed to the proper channels only after they express their concern and are shown that there is no shame in having a problem or talking about it.

Even when there is a

relatively good communication between a child and his parents there may be private problems that can be talked about only to his doctor. These youngsters must be encouraged to establish a better relationship with their doctors by giving them the assurance that there will be no violation of trust.

For those who are fearful that this is impossible, perhaps the telephone "hot line" idea will be of tremendous value in the solution of emotional and social emergencies.

Dr. Garrell and his staff have contributed vastly to adolescents who are anxious about family problems, venereal disease and abuse of drugs. This is indeed a vital contribution in modern young society.

The Vietnam Moratorium

By JOHN CHAMBERLAIN
NEW HAVEN, Conn. — I suppose the Vietnam Moratorium meeting on the local green, which brought out a crowd of twenty-five thousand that must have included twelve thousand high school boys and girls who had been excused from class, was like most of the October 15 gatherings across the land. This is to say that it was so moving and pitiful — so much earnestness and good-will devoted to cheering what had, in the nature of things, to be the sheerest sort of illusion.

Yes, the war in which we are engaged is a stupid war, if only because we have not known how to fight it. It was illusion on the part of President Lyndon Johnson to suppose that you can send a huge drafted army to a distant jungle to fight for seven years without declaring the war and so making it the responsibility of the whole nation. The struggle, in my opinion, is a just struggle, for it can never be immoral to oppose evil, and Communism is evil when it is forced on people. But from the start, we were engaged in a war without spirit. Such wars simply cannot be won against fanatics who are willing to wait.

So it is impossible not to agree with President Kingman Brewster of Yale, Mayor Dick Lee of New Haven and such imported speakers as Congressman Allard Lowenstein of New York that our country must disengage itself from something that is building up nothing but ugliness among our citizens. But the question, of course, is how a great nation, which has given its word to many people, can disengage without bringing down upon itself worse calamities than the ones we now endure.

The Vietnam Moratorium speakers worried the same old themes. As summarized in the joint Brewster-Lee statement which preceded the calling of the meeting, President Nixon was urged to do such things as offer a cease-fire, set a date for the removal of all our troops, promote a local South Vietnam election with supervision by a coalition body on which the Viet Cong would be represented, make provision for refugees who wouldn't dare to stay on in South Vietnam after the peace, and do something to rebuild war-ravaged regions.

Ah, yes, but isn't Richard Nixon doing his best to effect most of these things at a pace commensurate with allowing the South Vietnamese the margin they need to stage a true election and so escape the massacre that would surely ensue if the Communists were to win a phony victory at the polls? The Vietnam Moratorium speakers on the green got the easy applause (who likes to see anyone die?) But back at the Yale Law School, our former Assistant Secretary of State Eugene Rostow, now a professor again, was posing some questions for President Brewster and Mayor Lee. Discounting the plea for unilateral U.S. withdrawal (which could only earn eternal contempt for this country all over the world), Gene Rostow noted that the main concrete proposals in the Brewster-Lee statement "have long been standard features of United States policy." They have, said Rostow, "been rejected many times, and in many forms, by the authorities in Hanoi."

The ironic feature of the Vietnam debate, as Rostow indicated, is that Americans are figuratively maiming each other over an "illusion of dissent" and then admonishing Richard Nixon to do precisely what he is doing already. This country has offered the North Vietnamese and the Viet Cong a cease-fire both at the Paris talks and elsewhere. It has suggested an election, with appropriate police guards by a

coalition body. Yet there has never been anything but silence or denunciation from Hanoi. As Rostow points out, there is no reason to suppose that Hanoi would ever risk a fairly contested election in a country where the Communist strength is less than twenty per cent.

We must rid ourselves of the albatross of war, yes. But how,

apart from the demanding and tedious process of "Vietnamizing" it? If we simply cut and run, Moscow will get the message. And those eager faces that turned to the speakers on the New Haven green will some day be facing an enemy in other places, and in far greater numbers than are now engaged in Vietnam.

Van Gogh Exhibition

By GENE HANDSAKER
(For Bob Thomas)

LOS ANGELES (AP) — A lot of Angelenos are convinced that the best show in town is hanging on the walls of the Los Angeles County Museum of Art.

A collection of 68 paintings and 46 drawings and water colors by Vincent Van Gogh has opened in a six-week exhibition made possible by the artist's namesake nephew, a sprightly 79-year-old Dutchman.

The full range of the Van Gogh genius can be seen, including peasant scenes like "The Potato Eaters," the idyllic orchards of Arles, the anguished self-portraits, and the swirling masses of color that reflected the madness before his suicide at 37 in 1890.

The Van Gogh exhibit, which will later appear in St. Louis, Philadelphia and Columbus, Ohio, comes from the Vincent Van Gogh Foundation of Amsterdam, of which Dr. Vincent W. Van Gogh is president. He accompanied the art here and gazed with satisfaction at the admiring crowds that filled the county museum special exhibit rooms.

A white-haired, erect man who said proudly, "I'll be 80 next January," Van Gogh is a zealous guardian of his uncle's reputation. The fact that the artist sold only one painting in his lifetime does not seem unusual to him.

"After all, take the average artist today," he reasoned. "He goes to art school, paints for several years, and if he is accomplished, perhaps he might have a one-man show by the time he is thirty."

"What of Van Gogh? He painted for only five years of his life; he was an artist for 10 years, but only in the last five did he paint seriously. You can't expect to be known as an artist after only five years of painting."

The artist's lack of sales proved a boon to his family. Except for a few that he gave away or left behind when he moved lodgings, all of the Van Gogh works were left to his brother Theo, who died months later.

Dr. Van Gogh, who was 6 months old when his uncle died, has sold some of the paintings over the years—"otherwise his work couldn't have been known." To spread further the fame of the artist, Dr. Van Gogh has exhibitions throughout the world—"sixty since 1945, with an attendance of one million, eight hundred thousand."

Because the works were not sold during Van Gogh's lifetime, the foundation's collection represents the most complete single grouping of any major artist's work.

The Gates Close

The leading Czech export for the last year or more has been tourists, according to a story going to the rounds in Prague. As many as 90,000 Czechs are estimated to have fled their country since the Soviet tanks rolled in.

This has been hurting not only the communist ego but the communist economy, because money also leaves with the "tourists." Consequently, the rulers of the restored "people's democracy" have shut the gates to all except travelers escorted by Cedok, the

government tourist agency.

And that does not offer much prospect, for Cedok has already been embarrassed by the number of international-tour customers who did not show up for the trip home.

Dropping an iron curtain remains the handiest communist answer to an unhappy people. As with East Germany, eight years behind the wall, the Czech regime is admitting failure to make life attractive enough to keep people home in the first place.

The Business World

By JOHN CUNIFF

NEW YORK (AP) — The speed with which American business can adjust to changing conditions, the power of its positive thinking, the ingenuity of its marketing men should never again be doubted. Almost anything is possible.

Within hours after the government announced that the artificial sweeteners called cyclamates would be withdrawn from the general market, the multi-million dollar diet drink industry raced to comply.

Amazing when you consider that cyclamates in diet drinks were felt to be what cocoa is in a chocolate bar: an essential ingredient without which there wouldn't be a product.

The availability of cyclamates was perhaps the main reason for the development of this relatively new industry.

In the 1960s the diet drink industry became one of the fastest growing in America. Diabetics and sufferers of high blood pressure felt they could drink them without fear. And calorie-conscious drinkers found the absence of sugar much to their liking.

After the government announced its ban Saturday, be-

cause tests showed massive doses had caused cancer in rats, there was immediate speculation that some of the best known brand names in America might disappear.

How wrong! Within hours it was known that the impact would not be a death blow because new formulas already were prepared. And almost as quickly it was realized that to some in the industry there was a golden opportunity.

In marketing soap or cereal or soft drinks it is always useful to have something interesting on the label. "Ten cents off" is a common gimmick, but its a costly one too. "New" may be more effective and less costly.

The trouble with "new" is that people have become too used to it. "New" can mean very little indeed, perhaps just a new bottle or a label. It's very difficult to come up with something really new.

Now that they have something really new to work with—revolutionarily new, in fact—the advertising and marketing men are almost breathless, although as usual, not wordless.

Almost as fast as advertisements can be prepared, at least one major soft drink manufac-

turer announced a brand new package with a great big "NEW." And what was new about it? For one thing, it will have none of those suspect chemicals called cyclamates.

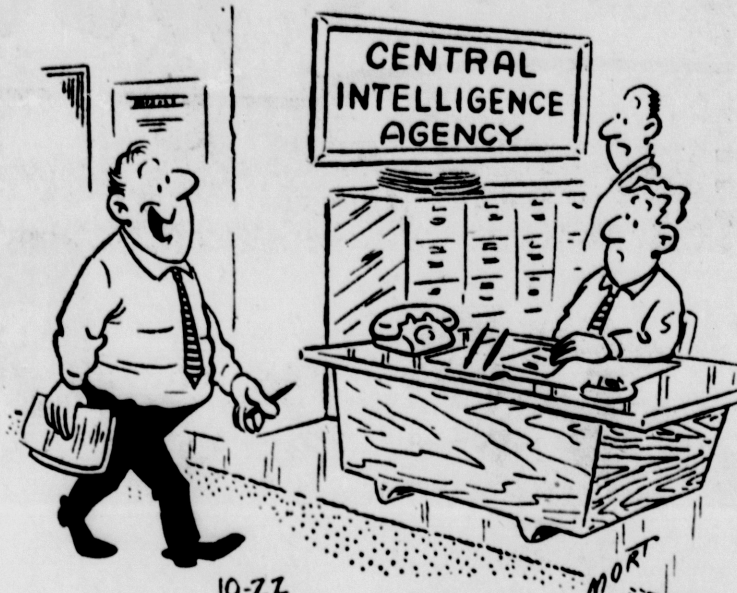

But there are, apparently more major advances. The new drink will be better tasting, of course. And, remarkably, it will contain an ingredient called "real sugar," the same kind that was removed from conventional soft drinks to create the diet drink industry.

The speed with which all this is taking place is an obvious contrast to the fight between the federal government and the cigarette industry. The evidence against cyclamates, quantitatively, is a fraction of that against cigarettes.

The real story is that government is powerful in the area of food additives, the result of an amendment in 1958 to the Food, Drug and Cosmetic Act, giving it almost dictatorial rights.

This same power does not exist in regard to cigarettes. And, as the cigarette industry continues to claim, the evidence against cigarettes is not as conclusive as critics make it. And so that fight goes on.

OCTOBER 1939
30 YEARS AGO

The first baby of October was born to Mr. and Mrs. John Locklear, Watt St. The little girl received many gifts, including a three month subscription to the Herald.

Chairman of the Pickaway County Democratic executive committee received word from Congressman Harold Claypool the government was preparing to spend \$2,630,000 for flood control work on Deer Creek. The program called for a huge reservoir with a 48,000 acre-foot capacity. Just when the work was to start was unknown, but residents were told that it was "no idle dream."

Rev. Addison E. Davis, 82, who began his ministerial work in the Circleville United Brethren Church in 1881, announced his retirement.

Chamber of Commerce officials debated whether or not to open Route 22 for Pumpkin Show traffic. Since the road improvement was not complete, certain traffic hazards did exist that would be complicated by the festival's heavy traffic.

F. K. Blair, county extension agent, announced plans for a county husking bee to be held late in October.

Noble Barr was notified of his appointment to the city fire department. His appointment was the result of a recent legislation of the City Council to enlarge the fire force as the men were working 84 hours a week.

Two 18-year-old Ashville boys were sentenced to 90 days in the county jail for removing accessories from an automobile.

and numerous other petty thefts that had occurred in the vicinity.

Twenty members of the Child Conservation League gathered in the American Hotel's new Coffee Shop to hear a talk by Mrs. Mary Gerlaugh, child development and family relationship specialist of Ohio State University.

Spencer Tracy, Nancy Kelly and Richard Greene starred in the movie "Stanley and Livingstone" featured at the Grand Theatre.

Over 275 students of Circleville and Pickaway County attended the Ohio State University's annual High School Day in Columbus. The pupils were entertained with exhibits and displays arranged by various departments of the university, films of last year's high school day activities and the Ohio State-Missouri football game.

A new 1940 DeSoto sedan, being driven from Columbus to a dealer in Wellington was damaged almost beyond repair after a collision with a tractor-trailer truck on South Court St. The driver was jailed for driving while intoxicated.

Robert Friece won the Country Club's golf championship, beating Charles Gilt by a 7 up and 6 to go margin in final competition.

Council voted down an ordinance for the addition of a motorcycle patrolman to the Circleville police department for the second time.

All the alleys in the downtown area were undergoing improvements, mainly paving.

Dear Abby:

Break Loose From Hang-Ups!

DEAR ABBY: I read the letter in your column from the woman who did not find any physical satisfaction in her marriage. That has been my problem for 25 years.

I talked with two doctors. One told me that I was expecting too much and had been reading too many love stories. The other (a woman doctor) told me that very few women had it any better — they just "pretended" most of their lives.

My man is one of the loving kind, but I have been "pretending" all my married life. Is there no hope for me?

NAMELESS
DEAR NAMELESS: The first doctor was off base, but the second doctor (if statistics can be believed) was not. You need to see a third doctor—one who specializes in unlocking doors of minds where "hangups" have been stored. This may be an oversimplification, but the reason most women are unable to enjoy marital relations is because as young girls they've been told that sex is a "no no." And so it is...forever.

DEAR ABBY: What do you think of the "no-bra" look?

JUST ASKING
DEAR JUST: It's a good way for some women to get everything off their chests. For others, it's a flop.

DEAR ABBY: You say a lot in your column about "adopting kids." How about a word about the "unadoptable"? After having two of our own we adopted three. These are children of mixed blood, the last ones to be adopted if they ever are.

Thirteen years ago we were

warned that we were headed for heartbreak when we adopted the product of a Filipino barmaid and an American GI. She was sick, half starved, and not a very pretty child when we took her. The Red Cross and the military doctor where we were stationed told us she might turn out to be mentally retarded. But we adopted her anyway.

A year after we returned to the states we adopted another little girl. She was half Negro. The next year we adopted a Mexican boy one year old.

Our half Filipino daughter is now 16. She is a very good student and a raving beauty. Her half Negro sister leads her class in straight A's and in a few years she will be as beautiful as the older girl. The boy is an average student, affectionate and outgoing.

Abby, please ask your readers who are thinking of adoption to consider these "unadoptable" children. I promise them happiness, not heartbreak. Sincerely, M.B., PORTLAND, ORE

CONFIDENTIAL TO M.M.S.: To set the record straight, I said, "Ideally, sex education should be taught in the home, but since it obviously is not, the next best place is in the public schools, by responsible teachers."

Too many mothers were raised to believe that sex is "dirty," and the subject should never be mentioned in front of the children. And should a little girl ask any questions about sex, she was told, "You're too young to know" — or, "nice girls don't talk about such things." And later should this little girl grow up and try to find the answers to her questions by experimenting, and wind up pregnant, this same mother will wring her hands and say, "What have I done to deserve this! I gave her everything!" (These, by the way, are the same women who wonder why their husbands have a girl friend.)

Everybody has a problem. What's yours? For a personal reply write to Abby, Box 69700, Los Angeles, Cal. 90069, and enclose a stamped, self-addressed envelope.

Mrs. Georgia Sweet
896-2462

Mrs. Dwight Spangler has been feeling poorly and is now under the doctor's care.

Bernard Tracy entered Madison County Hospital on Wednesday last week. He underwent minor surgery on Friday and his sister tells me he is improving nicely. He hopes to be able to come home one day this week.

A large number of area residents attended the Pumpkin Show and had a wonderful time.

Saturday callers at the Archie Sweet home were Mr. and Mrs. Oscar Kenney of Woodville.

Floyd Mouser visited Bernard Tracy in Madison County hospital on Sunday.

I'd like to wish a special happy birthday to an old friend, Mrs. Marie Pine who lives in Tarlton.

Also happy birthday to: Shellah Brown, Doug Steck, and Lillie Grabill, Oct. 19; Peggy Jones, Oct. 20; Mrs. Marie Pine, Sherri Allen, Gary Liff and Jeff Bigam, Oct. 21; Joellen Hughes, Oct. 22; Tanya Jo Musselman, Oct. 23; Cindy McKay, Connie Lett, Mark Hosler, and Barbara Neff, Oct. 25.

Anniversary greetings to Mr. and Mrs. Ned Hosler on Oct. 23.

Drackett Co. Still Using Cyclamate

CINCINNATI (AP) — It was business as usual Tuesday at the Drackett Co. here where production of Metrecal diet products, some containing cyclamate, are made for millions of dieters.

The company announced Monday night that Metrecal products will continue to be marketed and those containing cyclamate will be labeled as ordered by the Department of Health, Education & Welfare.

N. M. Evans, president of Drackett, said "the confusion created by the cyclamate issue over the weekend mistakenly resulted in newspaper and television publicity which assumed that these forms of Metrecal would be removed from the market."

Drackett makes the products here as a division of Mead Johnson through a 1967 merger with Bristol Myers.

Evans said there is no cyclamate used in the production of diet dinners or Cinnamon Snap or Lemon Crisp cookies. Two others, Chocolate and Chocolate Mint cookies will be processed without cyclamate.

Evans also said that "it is likely that the popular Metrecal liquid, which contains only small amounts of cyclamate, will continue to remain available under appropriate labeling for use by persons concerned with dietary management of obesity."

Miss Barbara Dee Krick Weds John William Davis

MRS. JOHN WILLIAM DAVIS

Saturday, Oct. 11, was the wedding day of Miss Barbara Dee Krick and John William Davis. The 4:30 p.m. service was solemnized at the Salem United Church of Christ following a recital of organ music by Mrs. William Bogan and solos by Mrs. Dennis Ziegler.

The Rev. Ralph Huber united in marriage the daughter of Mr. and Mrs. George Krick Jr., Chillicothe and the son of Mr. and Mrs. Raymond Davis, Kingston.

Mr. Krick gave his daughter in marriage. For her wedding she chose a gown of ivory angelskin peau de soie with a bodice of Chantilly lace. The demi-bell silhouette of the gown featured a high Victorian neckline. Camelot sleeves and an empire waistline. The bride wore a matching chapel length mantilla edged with Chantilly lace. She carried a Victorian bouquet of pink sweetheart roses, lilies of the valley and white feathered carnations.

Mrs. Richard Neff acted as matron of honor for her sister. The bridesmaids were Miss Janet Lyons of Kingston and Mrs. Ronald Leeth. The bride's nieces, Kristine Neff, daughter of Mr. and Mrs. Richard Neff, and Betsy Krick, daughter of Mr. and Mrs. Craig Krick, were flower girls.

The honor attendant and bridesmaids wore formal length gowns of cranberry peau de soie with demi-bell skirts, long sleeves and empire waistlines. Their headpieces were roses made of cranberry and shell-pink peau de soie. They carried nosegays of pink feathered carnations.

The flower girls wore shell-pink peau de soie dresses styled similar to the other attendants. They carried cranberry and pink rose petals in white baskets.

The duties of best man were performed by Robert Meadows of Columbus. Ushers were Daniel Davis, and Tom Davis brothers of the bridegroom, Dan

Vollmar, Kingston, and Craig Krick of Grove City, the bride's brother. Chad Vollmar, son of Mr. and Mrs. Dan Vollmar, was ring bearer.

A reception for 200 guests was given by the bride's parents in the church social room after the ceremony. Assisting hostesses were Mrs. Craig Krick, Mrs. Robert Meadows of Columbus, Mrs. Vollmar of Kingston and Miss Kay Poling of Laurelville.

The former Miss Krick graduated from Zane Trace High School and Columbus Business University and has been employed by the State of Ohio for the last year and a half. Mr. Davis graduated from Kingston - Union High School and attended Ohio State University before enlisting in the Air Force. He recently returned from a year's tour of duty in Vietnam.

After a brief wedding trip, Mr. and Mrs. Davis will reside in Panama City, Fla., where Mr. Davis is stationed at Tyndall Air Force Base. The evening before the wedding the bridegroom's parents entertained at a rehearsal dinner at the Lake White Club.

Several prenuptial parties were given in honor of the bride.

A buffet dinner for friends and family members was held following the reception by the groom's parents in their home.

Circle 4 Welcomes New Member

Mrs. Sue Roan was welcomed as a new member of Circle 4 of the Good Shepherd United Methodist Church during its October meeting in the home of Mrs. Porter Martin, Route 3.

Mrs. Leroy Thomas, circle leader, opened the meeting with the poem "Too Busy." Mrs. Elizabeth Valentine presented the opening prayer.

Mrs. Rosalie Crabtree and Mrs. Blanche Kerns were appointed as the transportation committee to provide a way for members to the meetings. Prayer partners were distributed by Mrs. Catherine Martin.

The program entitled "Heart And Hand House" was presented by Mrs. Catherine Martin.

Refreshments were served by Mrs. Martin and Mrs. Valentine to the members and a guest, Mrs. Harry Welsh.

Exchange Serviceman Is Feted

Michael Matthaiss of Kassell, Germany, an exchange German Air Force Serviceman returned to El Paso Texas, Wednesday morning after visiting in Circleville.

Mr. Matthaiss, who is stationed in Texas for three years, was the guest of Mr. and Mrs. Doyle Cupp and Mark, 1231 S. Pickaway St., and Mr. and Mrs. Paul Walters and family, 132 W. Union St. He plans to bring his mother to the United States next year and both will visit the Pumpkin Show.

The Cupp and Walters families held a Christmas Party in his honor Tuesday evening at the Walters home.

Birthday Reception To Be Held Sunday

The reception honoring the 90th birthday of Mrs. Sarah Pontious on Sunday will be at the Service Center of Good Shepherd United Methodist Church, 310 E. Main St. It was previously reported to The Herald that the reception would be at Emanuel United Methodist Church.

The former Miss Krick graduated from Zane Trace High School and Columbus Business University and has been employed by the State of Ohio for the last year and a half. Mr. Davis graduated from Kingston - Union High School and attended Ohio State University before enlisting in the Air Force. He recently returned from a year's tour of duty in Vietnam.

Miss Barbara Dee Krick Weds John William Davis

MRS. JOHN WILLIAM DAVIS

Saturday, Oct. 11, was the wedding day of Miss Barbara Dee Krick and John William Davis. The 4:30 p.m. service was solemnized at the Salem United Church of Christ following a recital of organ music by Mrs. William Bogun and solos by Mrs. Dennis Ziegler.

The Rev. Ralph Huber united in marriage the daughter of Mr. and Mrs. George Krick Jr., Chillicothe and the son of Mr. and Mrs. Raymond Davis, Kingston.

Mr. Krick gave his daughter in marriage. For her wedding she chose a gown of ivory angelskin peau de soie with a bodice of Chantilly lace. The demi-bell silhouette of the gown featured a high Victorian neckline, Camelot sleeves and an empire waistline. The bride wore a matching chapel length mantilla edged with Chantilly lace. She carried a Victorian bouquet of pink sweetheart roses, lilies of the valley and white feathered carnations.

Mrs. Richard Neff acted as matron of honor for her sister. The bridesmaids were Miss Janet Lyons of Kingston and Mrs. Ronald Leeth. The bride's nieces, Kristine Neff, daughter of Mr. and Mrs. Richard Neff, and Betsy Krick, daughter of Mr. and Mrs. Kraig Krick, were flower girls.

The honor attendant and bridesmaids wore formal length gowns of cranberry peau de soie with demi-bell skirts, long sleeves and empire waistlines. Their headpieces were roses made of cranberry and shell-pink peau de soie. They carried nosegays of pink feathered carnations.

The flower girls wore shell-pink peau de soie dresses styled similar to the other attendants. They carried cranberry and pink rose petals in white baskets.

The duties of best man were performed by Robert Meadows of Columbus. Ushers were Daniel Davis, and Tom Davis brothers of the bridegroom, Dan

Vollmar, Kingston, and Kraig Krick of Grove City, the bride's brother. Chad Vollmar, son of Mr. and Mrs. Dan Vollmar, was ring bearer.

A reception for 200 guests was given by the bride's parents in the church social room after the ceremony. Assisting hostesses were Mrs. Kraig Krick, Mrs. Robert Meadows of Columbus, Mrs. Vollmar of Kingston and Miss Kay Polling of Laurelville.

The former Miss Krick graduated from Zane Trace High School and Columbus Business University and has been employed by the State of Ohio for the last year and a half. Mr. Davis graduated from Kingston Union High School and attended Ohio State University before enlisting in the Air Force. He recently returned from a year's tour of duty in Vietnam.

After a brief wedding trip, Mr. and Mrs. Davis will reside in Panama City, Fla., where Mr. Davis is stationed at Tyndall Air Force Base.

The evening before the wedding the bridegroom's parents entertained at a rehearsal dinner at the Lake White Club.

Several prenuptial parties were given in honor of the bride.

A buffet dinner for friends and family members was held following the reception by the groom's parents in their home.

Circle 4 Welcomes New Member

Mrs. Sue Roan was welcomed as a new member of Circle 4 of the Good Shepherd United Methodist Church during its October meeting in the home of Mrs. Porter Martin, Route 3.

Mrs. Leroy Thomas, circle leader, opened the meeting with the poem "Too Busy." Mrs. Elizabeth Valentine presented the opening prayer.

Mrs. Rosalie Crabtree and Mrs. Blanche Kerns were appointed as the transportation committee to provide a way for members to the meetings. Prayer partners were distributed by Mrs. Catherine Martin.

The program entitled "Heart And Hand House" was presented by Mrs. Catherine Martin.

Refreshments were served by Mrs. Martin and Mrs. Valentine to the members and a guest, Mrs. Harry Welsh.

Exchange Serviceman Is Feted

Michael Matthiaiss of Kassell, Germany, an exchange German Air Force Serviceman returned to El Paso Texas, Wednesday morning after visiting in Circleville.

Mr. Matthiaiss, who is stationed in Texas for three years, was the guest of Mr. and Mrs. Doyle Cupp and Mark, 1231 S. Pickaway St., and Mr. and Mrs. Paul Walters and family, 132 W. Union St. He plans to bring his mother to the United States next year and both will visit the Pumpkin Show.

The Cupp and Walters families held a Christmas Party in his honor Tuesday evening at the Walters home.

Birthday Reception To Be Held Sunday

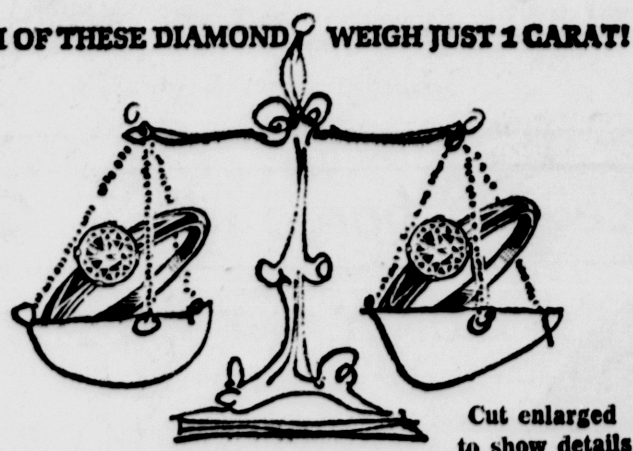

The reception honoring the 90th birthday of Mrs. Sarah Pontious on Sunday will be at the Service Center of Good Shepherd United Methodist Church, 310 E. Main St. It was previously reported to The Herald that the reception would be at Emanuel United Methodist Church.

Practical Nurses Plan Meeting

Pickaway County Practical Nurses Assn. will meet 7:30 p.m. Friday in the home of Mrs. Nellie Leist, 721 Hubert Ave., Lancaster. Mrs. Anna Gardner will be the assisting hostess.

Circleville Schools Need 6.3 Levy To Meet Current Costs

EDITOR'S NOTE: A series of articles has been prepared by the Circleville Board of Education to explain the need for the proposed 6.3 mill operating levy. This is the first of the series.

An additional levy of 6.3 mills will appear on the November 4 ballot.

This levy is needed for current expenses of the school district beginning with the calendar year 1970. The levy must be passed in the calendar year 1969 for funds to be available for 1970.

Approval will provide needed funds for the continued operation of the Circleville City Schools.

Without the approval of these needed funds, no assurance of a continued education program through 1970-71 can be provided.

THE levy request has been reduced from the 6.7 mills requested in May, 1969 to the 6.3 mills presently requested because of a slight increase in state funds under recently passed legislation. The reduction will still provide a sound financial basis for the operation of the schools.

The Board of Education continues to make every effort to keep the requested increase to a minimum and will utilize the small increase in state funds to make up for the reduction of the four-tenths of

a mill previously requested. Residents of the Circleville City School District have actually realized two recent tax reductions. Last year 1.6 mills was dropped and this year taxes were reduced by .7 mill due to bond retirement reduction. This represents a decrease of 2.3 mills in two years. The actual increase requested is therefore only four mills over the tax rate of two years ago.

EMERGENCIES

David Hart, 5, son of Mr. and Mrs. Robert Hart, Route 2, Laurelville, fractured his right wrist in a fall.

Helen Louise Sexton, 23 months, daughter of Mr. and Mrs. James Sexton, Route 1, Laurelville, consumed rat poisoning.

Dave Diehl, 18, Route 1, injured his right ring finger playing volleyball at school.

Allen O'Neil, 20 months, son of Mr. and Mrs. William O'Neil, lacerated his lower lip in a fall.

Victoria Stonerock, 2, daughter of Mrs. June Stonerock, Route 1, burned her left arm.

Junior Reed, 23, Chillicothe, burned the palm of his right hand at work.

Sarah Cockrell, 2, daughter of Mr. and Mrs. John Cockrell, 325 Maumee Drive, lacerated her forehead in a fall.

Joseph M. Link III, 18, Route 1, South Bloomingsville, injured his left ankle playing ball.

Treated in the emergency room on Tuesday were 17 persons with nine for medical purposes and eight non-vehicle accidents.

economy it is a small increase for such an important cause.

The additional funds are necessary due to general cost of living increases which have greatly affected the financial position of the school system, due to increased enrollment and improved minimum standards adopted by the State Board of Education, competitive salary schedules to retain and attract personnel and to provide proper maintenance, adequate supplies and equipment for the school system.

Legislation adopted by the 1968 legislature removes agriculture from the personal property tax base by 1972 and reduces certain merchants' personal property from 70 per cent to 50 per cent by 1971. This reduces the available funds from local taxes proportionately.

FAILURE of the levy during 1969 could result in a much higher millage being requested in 1970 to make up for funds not received during 1970.

Current projections indicate a significant deficit in 1970 if program and general needs are to be met. Approval of the levy will prevent a deficit and provide necessary funds for a continuing program.

The City Schools must continue to improve educational opportunity in every way possible and practical. New minimum standards, both in secondary and elementary schools, require additional personnel, equipment and supplies.

This cannot be accomplished with a declining financial base as it relates to expenditure per pupil. Our relative position must improve if survival of the educational program is to be insured.

The feature education of the students of Circleville City is dependent on the passage of the 6.3 mill levy this year — 1969 — or a levy of a larger number of mills in 1970.

The Roman Emperor Caligula was one of the first large-scale shell collectors. In A.D. 40, he arrived at the English Channel with an invasion army. Intimidated by the forbidding water barrier, he ordered his troops to gather seashells along the French coast and returned to Rome with what he called "the spoils of conquered ocean."

Fashion Turns Back Clock To The 'Funky Forties'

By LINDA DEUTSCH
Associated Press Writer
LOS ANGELES (AP) — Add a new word to fashion's vocabulary: "funky." It means clothes so old they're new. The latest qualifier: the "Funky Forties." California designers dictated the new nondictionary definition Tuesday at previews of sportswear for the 70s.

There were "funky little attic prints," peplums, "tatty old lady dresses," puffed sleeves, funny flat-heeled shoes and even a "Kate Smith sweetheart neckline."

Models looking like snapshots from mother's photo album came on in chunky heels by Sbicca—the heaviest shoes ever. Jersey minidresses by Charm of Hollywood were cinched in at the waist and flared out to old-fashioned swing skirts.

Tiny fluted and puffed sleeves abounded on three-piece crepe suits with peplums.

Even once-conservative firms such as Miss Pat and Koret of California tossed in a few "attic prints"—tiny flowers on fluid jerseys. Dubbing its sportswear "collectors' items," Miss Pat interpreted the 40s in a funky floral cardigan jacket with a gored flip skirt. Alongside was the "underwear look," crocheted minidresses culled from way back in the 20s.

Another keyword in California sportswear was freedom—the freedom to be active. Combos by Alex Colman, White Stag and Koret were multipurpose outfits to suit the athlete and socialite. Colman's minicollared tunics were covered with maxiskirts. And long tunics over long pants doubled as dresses when the pants were stripped away. Koret called it the "picture puzzle look," pieces that fit together in various combinations.

Running with the rugged sports gal, White Stag provided fashions for jogging, golfing, tennis, water skiing and even surfer suits—body-clinging, bright print rubber jackets over matching shorts.

Skirt lengths varied from mini to maxi and everything in between.

But designers of pants agreed: The big bell-bottomed slacks of last seasons have disappeared. Enter the straight leg—neither fitted, nor flaired.

Funky is in; floppy is out.

Jail Cruelty

(Continued from Page 1) bark like a dog. I was made to stand in the middle of the floor holding a plugged-in extension cord while pitchers of water were thrown on me. My bed was set afire while I slept . . . And this is justice?"

She said she requested a jailer put her in "the hole," a solitary confinement cell, for her own safety.

J. Arthur Shuman, administrative assistant to Sheriff Harold M. Mills, disputed the charges, labeling them a "fantastic tale." Mills was out of town and unavailable for comment.

At least one sheriff's deputy sympathized with the prisoner's complaints. Jailer James T. Harper said "She has reason to complain."

Judge Lorig said he has made an appointment to speak to county commissioners at a meeting Thursday or next Thursday to discuss the charges.

Commission President L. G. Romemus said Tuesday the jail was decrepit and overcrowded. He said the jail, which held 117 persons, Tuesday, was built for 60-65 prisoners.

McGovern Takes Turn Rapping Agnew's Viet Talk

WASHINGTON (AP) — Sen. George S. McGovern accused Vice President Spiro T. Agnew today of cynically attempting "to discredit the patriotism" of Vietnam dissenters and said President Nixon must have approved the tactic.

"If Mr. Agnew's speech is a measure of the administration's moral and mental sensitivity, God help America," the South Dakota Democrat said in a Senate statement.

The White House said Agnew's Sunday denunciation of antiwar demonstrators had not been discussed in advance with Nixon.

"I think the vice president

spoke his own mind," said Hugh Scott, Senate Republican leader.

McGovern's attack on administration war policy and on Agnew personally came while other Senate dissenters were easing their criticism, in anticipation of Nixon's Nov. 3 report to the nation.

Columbus Resident Given Jail Term

COLUMBUS, Ohio (AP)—The son of a Columbus man indicted on charges of gambling violations and payoffs to police was sentenced to 40 days in the workhouse and fined \$50 Tuesday for possession of numbers records.

Felice A. Baldasarro, 22, had the execution of his sentence postponed pending a ruling on a defense motion for a new trial. Felice's father, Frank, is under federal indictment along with eight Columbus policemen charged with numbers violations and police payoffs. The trial for the nine men is scheduled Nov. 12.

Alaskan rainfall records show a remarkable spread, by far wider than any other state, the National Geographic Society says. Little Port Walters, on Baranof Island, has measured 221 inches in a single year, for example, while rain in the interior compares with the arid country around Phoenix, Ariz.

The Senate Foreign Relations Committee called off, until sometime after that address, its planned week of Vietnam policy hearings keyed to a series of resolutions urging U.S. withdrawal, and one which calls on Hanoi for peace concessions.

Sen. J. W. Fulbright, D-Ark., the chairman, said the sessions were postponed as a matter of courtesy to Nixon.

It seemed also that policy critics were reluctant to hold the public inquiry, certain to produce complaints about the Nixon course, only days before the President himself was to deliver an address which might undercut them.

McGovern protested Agnew's Sunday statement that antiwar demonstrators were anarchists spurred on by "impudent snobs," and that they were siding with the enemy in Vietnam.

"I charge him with making a deliberate and cynical effort to arouse contempt for the college students of America," McGovern said.

"He seeks to discredit the patriotism of those of us—young and old alike—who have opposed the war in Vietnam."

"There can be no doubt that he does this with the approval of the President," McGovern said.

"Mr. Agnew's attitude toward the peace effort and especially the moratorium demonstrates ignorance, both of the struggle in Vietnam and the political process in America."

Computer 'Flies' Plane

NEW YORK (AP) — A Finnish jetliner left its human navigator at home Tuesday and flew the North Atlantic with the aid of a computer guidance system.

Finnair said the flight was the first scheduled commercial transatlantic crossing without a human navigator aboard.

"The system worked excellently," said Capt. Erik Ehamti. Flight information, position coordinates and altitude were fed into two computerized units which then directed the aircraft along a flight path to its destination.

"We programmed the flight for seven-hours and 40 minutes," said Ehamti, "and we were only three minutes behind because of heavy winds when we were over Deer Park, Long Island."

"Then we were held up for 37 minutes because of traffic."

Circleville Schools Need 6.3 Levy To Meet Current Costs

EDITOR'S NOTE: A series of articles has been prepared by the Circleville Board of Education to explain the need for the proposed 6.3 mill operating levy. This is the first of the series.

An additional levy of 6.3 mills will appear on the November 4 ballot.

This levy is needed for current expenses of the school district beginning with the calendar year 1970. The levy must be passed in the calendar year 1969 for funds to be available for 1970.

Approval will provide needed funds for the continued operation of the Circleville City Schools.

Without the approval of these needed funds, no assurance of a continued education program through 1970-71 can be provided.

THE levy request has been reduced from the 6.7 mills requested in May, 1969 to the 6.3 mills presently requested because of a slight increase in state funds under recently passed legislation. The reduction will still provide a sound financial basis for the operation of the schools.

The Board of Education continues to make every effort to keep the requested increase to a minimum and will utilize the small increase in state funds to make up for the reduction of the four-tenths of

a mill previously requested. Residents of the Circleville City School District have actually realized two recent tax reductions. Last year 1.6 mills was dropped and this year taxes were reduced by .7 mill due to bond retirement reduction. This represents a decrease of 2.3 mills in two years. The actual increase requested is therefore only four mills over the tax rate of two years ago.

Treated in the emergency room on Tuesday were 17 persons with nine for medical purposes and eight non-vehicle accidents.

economy it is a small increase for such an important cause.

The additional funds are necessary due to general cost of living increases which have greatly affected the financial position of the school system, due to increased enrollment and improved minimum standards adopted by the State Board of Education, competitive salary schedules to retain and attract personnel and to provide proper maintenance, adequate supplies and equipment for the school system.

Legislation adopted by the 1968 legislature removes agriculture from the personal property tax base by 1972 and reduces certain merchants' personal property from 70 per cent to 50 per cent by 1971. This reduces the available funds from local taxes proportionately.

FAILURE of the levy during 1969 could result in a much higher millage being requested in 1970 to make up for funds not received during 1970.

Current projections indicate a significant deficit in 1970 if program and general needs are to be met. Approval of the levy will prevent a deficit and provide necessary funds for a continuing program.

The City Schools must continue to improve educational opportunity in every way possible and practical. New minimum standards, both in secondary and elementary schools, require additional personnel, equipment and supplies.

This cannot be accomplished with a declining financial base as it relates to expenditure per pupil. Our relative position must improve if survival of the educational program is to be insured.

The feature education of the students of Circleville City is dependent on the passage of the 6.3 mill levy this year — 1969 — or a levy of a larger number of mills in 1970.

The Roman Emperor Caligula was one of the first large-scale shell collectors. In A.D. 40, he arrived at the English Channel with an invasion army. Intimidated by the forbidding water barrier, he ordered his troops to gather seashells along the French coast and returned to Rome with what he called "the spoils of conquered ocean."

Fashion Turns Back Clock To The 'Funky Forties'

By LINDA DEUTSCH
Associated Press Writer
LOS ANGELES (AP) — Add a new word to fashion's vocabulary: "funky." It means clothes so old they're new. The latest qualifier: the "Funky Forties."

California designers dictated the new nondictionary definition Tuesday at previews of sportswear for the 70s.

There were "funky little attic prints," peplums, "tatty old lady dresses," puffed sleeves, funny flat-heeled shoes and even a "Kate Smith sweetheart neckline."

Models looking like snapshots from mother's photo album came on in chunky heels by Sbicca—the heaviest shoes ever. Jersey minidresses by Charm of Hollywood were cinched in at the waist and flared out to old-fashioned swing skirts.

Tiny fluted and puffed sleeves abounded on three-piece crepe suits with peplums.

Even once-conservative firms such as Miss Pat and Koret of California tossed in a few "attic prints"—tiny flowers on fluid jersey. Dubbing its sportswear "collectors' items," Miss Pat interpreted the 40s in a funky floral cardigan jacket with a gored flip skirt. Alongside was the "underwear look," crocheted minidresses culled from way back in the 20s.

Another keyword in California sportswear was freedom—the freedom to be active. Combos by Alex Colman, White Stag and Koret were multipurpose outfits to suit the athlete and socialite.

Colman's minidresses were covered with maxiskirts. And long tunics over long pants doubled as dresses when the pants were stripped away. Koret called it the "picture puzzle look," pieces that fit together in various combinations.

Running with the rugged sports gal, White Stag provided fashions for jogging, golfing, tennis, water skiing and even surfer suits—body-clinging, bright print rubber jackets over matching shorts.

Skirt lengths varied from mini to maxi and everything in between. But designers of pants agreed: The big bell-bottomed slacks of last seasons have disappeared. Enter the straight leg—neither fitted, nor flaired.

Funky is in; floppy is out.

Jail Cruelty

(Continued from Page 1) bark like a dog. I was made to stand in the middle of the floor holding a plugged-in extension cord while pitchers of water were thrown on me. My bed was set afire while I slept . . . And this is justice?"

She said she requested a jailer put her in "the hole," a solitary confinement cell, for her own safety.

J. Arthur Shuman, administrative assistant to Sheriff Harold M. Mills, disputed the charges, labeling them a "fantastic tale." Mills was out of town and unavailable for comment.

At least one sheriff's deputy sympathized with the prisoner's complaints. Jailer James T. Harper said "She has reason to complain."

Judge Lorig said he has made an appointment to speak to county commissioners at a meeting Thursday or next Thursday to discuss the charges.

Commission President L. G. Ronemus said Tuesday the jail was decrepit and overcrowded. He said the jail, which held 117 persons, Tuesday, was built for 60-65 prisoners.

McGovern Takes Turn Rapping Agnew's Viet Talk

WASHINGTON (AP) — Sen. George S. McGovern accused Vice President Spiro T. Agnew today of cynically attempting "to discredit the patriotism" of Vietnam dissenters and said President Nixon must have approved the tactic.

"If Mr. Agnew's speech is a measure of the administration's moral and mental sensitivity, God help America," the South Dakota Democrat said in a Senate statement.

The White House said Agnew's Sunday denunciation of antiwar demonstrators had not been discussed in advance with Nixon.

"I think the vice president

spoke his own mind," said Hugh Scott, Senate Republican leader.

McGovern's attack on administration war policy and on Agnew personally came while other Senate dissenters were easing their criticism, in anticipation of Nixon's Nov. 3 report to the nation.

Columbus Resident Given Jail Term

COLUMBUS, Ohio (AP)—The son of a Columbus man indicted on charges of gambling violations and payoffs to police was sentenced to 40 days in the workhouse and fined \$50 Tuesday for possession of numbers records.

Felice A. Baldasarro, 22, had the execution of his sentence postponed pending a ruling on a defense motion for a new trial. Felice's father, Frank, is under federal indictment along with eight Columbus policemen charged with numbers violations and police payoffs. The trial for the nine men is scheduled Nov. 12.

Alaskan rainfall records show a remarkable spread, by far wider than any other state, the National Geographic Society says. Little Port Walters, on Baranof Island, has measured 221 inches in a single year, for example, while rain in the interior compares with the arid country around Phoenix, Ariz.

The Senate Foreign Relations Committee called off, until sometime after that address, its planned week of Vietnam policy hearings keyed to a series of resolutions urging U.S. withdrawal, and one which calls on Hanoi for peace concessions.

Sen. J. W. Fulbright, D-Ark., the chairman, said the sessions were postponed as a matter of courtesy to Nixon.

It seemed also that policy critics were reluctant to hold the public inquiry, certain to produce complaints about the Nixon course, only days before the President himself was to deliver an address which might undercut them.

McGovern protested Agnew's Sunday statement that antiwar demonstrators were anarchists spurred on by "impudent snobs," and that they were siding with the enemy in Vietnam.

"I charge him with making a deliberate and cynical effort to arouse contempt for the college students of America," McGovern said.

"He seeks to discredit the patriotism of those of us—young and old alike—who have opposed the war in Vietnam."

"There can be no doubt that he does this with the approval of the President," McGovern said.

"Mr. Agnew's attitude toward the peace effort and especially the moratorium demonstrates ignorance, both of the struggle in Vietnam and the political process in America."

U.S. And European Labor Leaders Patch Up Quarrel

WASHINGTON (AP) — U.S. and European labor leaders are quietly trying to patch up a quarrel that led the AFL-CIO to stalk out of the International Confederation of Free Trade Unions in an angry huff eight months ago.

AFL-CIO President George Meany, in announcing the break last February, accused an ICFTU official of meddling in U.S. labor affairs by siding with "a hostile secessionist union" — Walter Reuther's United Auto Workers.

Meany will lead a high level AFL-CIO delegation to New York next Monday for a "unity" talk with ICFTU President Bruno Storti of Italy, General Secretary Harm G. Buiters of the Netherlands and other officials.

A spokesman for Meany described the talks as "the opening of negotiations" and cautioned against any early speculation that the AFL-CIO might rejoin the international group.

"The problems are pretty grave," the spokesman said.

Meany was outraged by Buiters' attempt to get a new independent membership in the ICFTU for the Auto Workers even before Reuther pulled his union out of the AFL-CIO in a leadership dispute with Meany last year.

The ICFTU later rejected Reuther's application, but Meany said Buiters not only should never have considered it, but should have sided with AFL-CIO.

The loss of the 13.6 million-

member AFL-CIO cost the ICFTU about \$360,000 a year for its work in promoting relations among non-communist trade union movements and seeking improved international standards for workers.

New West German Leaders Meet; To Revalue Mark

BONN (AP) — West Germany's first Socialist government was sworn in today and immediately went into session. One of its first acts was expected to be a revaluation of the mark, bringing its official value to the neighborhood of the free-exchange rate now prevailing.

Bundestag President, Kai-Uwe Von Hassell, administered the oath of office to the 15 ministers of Chancellor Willy Brandt's coalition of Social Democrats and Free Democrats at a session of the lower house. Brandt took the oath after the Bundestag elected him Tuesday.

The Cabinet called on President Gustav Heinemann, who also is a Social Democrat. He noted that it was the first time in almost 40 years for the Socialists to head a national government.

The last Social Democratic government held office in 1930, during the ill-fated Weimar Republic.

Brandt's government replaces a coalition of West Germany's two major parties, the Christian Democrats and Social Democrats. The Christian Democrats topped the Socialists in the September general election but did not win a majority, and the liberal Free Democrats threw in with the Socialists.

Revaluation of the mark, Europe's strongest currency, has been a cardinal point of Social Democratic policy since its obvious undervaluation began producing flights of speculative capital to West Germany a year ago. The speculators periodically sold dollars, francs and pounds to stock marks, banking

that the government would be forced to raise the value and they would make a killing.

Christian Democratic Chancellor Kurt Georg Kiesinger stubbornly refused to revalue. But on Sept. 29 he set it free on the world market, meaning that the West German central bank stopped supporting the currency at its previous fixed rate of four marks to the U.S. dollar and al-

lowed it to find its own level. The mark climbed in value about 7 per cent, and estimates of the increase the new Cabinet would order ranged between 6.5 and 8 per cent.

Investment Course Set By YMCA

Walter L. Tucker, a stockbroker with the nationwide investment firm of Paine, Webber, Jackson Curtis, will discuss the various aspects of investing in a series of three forums starting 7:30 p.m. Monday, at the Pickaway County YMCA.

In layman's language, he will tell how individuals can start their investment programs and why they should invest. He will explain various investment approaches.

The forums, running about two hours, will utilize easy-to-read charts, graphs and other visual aids. Up-to-the minute stock market information and developments will be included.

"Too few Americans have any financial objective," commented Tucker. He quoted a recent federal government survey showing that at age 65 only one out of six Americans had more than \$5,000 in assets and only one out of 500 had more than \$24,000 in assets.

"EACH of us — regardless of sex, age of financial status — should have a financial plan and the sooner we start the better."

The plan could involve a new home, college education for the children or retirement. The discussion will include stocks, bonds and mutual funds and describe some of the methods by which professional security analysts scrutinize stocks.

Reservations for the course can be made by calling the Pickaway County YMCA — phone 474-8621. The stock market course is free to YMCA members. There is a nominal registration fee for non-members.

Woman Presents American Flag

RALEIGH, N.C. (AP) — Donna Long, whose husband is serving with the Marines in Vietnam, walked 117 miles from her home at Jacksonville, N.C., to the state Capitol at Raleigh, carrying a small American flag, to express her opposition to last Wednesday's Moratorium Day called by critics of U.S. policy in Vietnam.

In a letter to Gov. Bob Scott, released Tuesday, Mrs. Long, 26, said:

"Sometimes the voice of the minority is loud, and ordinary Americans tend to sit back. This is why I made the walk—for us who too often 'sit back.'"

Counterfeiters More Active In Cleveland

CLEVELAND, Ohio (AP) — Counterfeiters in northeastern Ohio passed more bogus bills and had more seized by federal agents last fiscal year than they did in the previous year.

Secret Service agents released figures Tuesday showing that over 300 per cent more bills had been seized before being passed in the year ending July 1 than in the previous year. A record of \$128,653 was passed while the agents confiscated \$613,915 worth of bills before they could be passed.

U.S. And European Labor Leaders Patch Up Quarrel

WASHINGTON (AP) — U.S. and European Labor leaders are quietly trying to patch up a quarrel that led the AFL-CIO to stalk out of the International Confederation of Free Trade Unions in an angry huff eight months ago.

AFL-CIO President George Meany, in announcing the break last February, accused an ICFTU official of meddling in U.S. labor affairs by siding with "a hostile secessionist union" — Walter Reuther's United Auto Workers.

Meany will lead a high level AFL-CIO delegation to New York next Monday for a "unity" talk with ICFTU President Bruno Storti of Italy, General Secretary Harm G. Buiters of the Netherlands and other officials.

A spokesman for Meany described the talks as "the opening of negotiations" and cautioned against any early speculation that the AFL-CIO might rejoin the international group.

"The problems are pretty grave," the spokesman said.

Meany was outraged by Buiters' attempt to get a new independent membership in the ICFTU for the Auto Workers even before Reuther pulled his union out of the AFL-CIO in a leadership dispute with Meany last year.

The ICFTU later rejected Reuther's application, but Meany said Buiters not only should never have considered it, but should have sided with AFL-CIO.

Investment Course Set By YMCA

Walter L. Tucker, a stockbroker with the nationwide investment firm of Paine, Webber, Jackson, Curtis, will discuss the various aspects of investing in a series of three forums starting 7:30 p.m. Monday, at the Pickaway County YMCA.

In layman's language, he will tell how individuals can start their investment programs and why they should invest. He will explain various investment approaches.

The forums, running about two hours, will utilize easy-to-read charts, graphs and other visual aids. Up-to-the minute stock market information and developments will be included.

"Too few Americans have any financial objective," commented Tucker. He quoted a recent federal government survey showing that at age 65 only one out of six Americans had more than \$5,000 in assets and only one out of 500 had more than \$24,000 in assets.

"EACH of us — regardless of sex, age or financial status — should have a financial plan and the sooner we start the better."

The plan could involve a new home, college education for the children or retirement.

The discussion will include stocks, bonds and mutual funds and describe some of the methods by which professional security analysts scrutinize stocks.

Reservations for the course can be made by calling the Pickaway County YMCA — phone 474-8621. The stock market course is free to YMCA members. There is a nominal registration fee for non-members.

Woman Presents American Flag

RALEIGH, N.C. (AP) — Donna Long, whose husband is serving with the Marines in Vietnam, walked 117 miles from her home at Jacksonville, N.C., to the state Capitol at Raleigh, carrying a small American flag, to express her opposition to last Wednesday's Moratorium Day called by critics of U.S. policy in Vietnam.

In a letter to Gov. Bob Scott, released Tuesday, Mrs. Long, 26, said:

"Sometimes the voice of the minority is loud, and ordinary Americans tend to sit back. This is why I made the walk — for us who too often 'sit back.'"

Counterfeiters More Active In Cleveland

CLEVELAND, Ohio (AP) — Counterfeiters in northeastern Ohio passed more bogus bills and had more seized by federal agents last fiscal year than they did in the previous year.

Secret Service agents released figures Tuesday showing that over 300 per cent more bills had been seized before being passed in the year ending July 1 than in the previous year. A record of \$128,653 was passed while the agents confiscated \$613,915 worth of bills before they could be passed.

New West German Leaders Meet; To Revalue Mark

BONN (AP) — West Germany's first Socialist government was sworn in today and immediately went into session. One of its first acts was expected to be a revaluation of the mark, bringing its official value to the neighborhood of the free-exchange rate now prevailing.

Bundestag President, Kai-Uwe Von Hassell, administered the oath of office to the 15 ministers of Chancellor Willy Brandt's coalition of Social Democrats and Free Democrats at a session of the lower house. Brandt took the oath after the Bundestag elected him Tuesday.

The Cabinet called on President Gustav Heinemann, who also is a Social Democrat. He noted that it was the first time in almost 40 years for the Socialists to head a national government.

The last Social Democratic government held office in 1930, during the ill-fated Weimar Republic.

Brandt's government replaces a coalition of West Germany's two major parties, the Christian Democrats and Social Democrats. The Christian Democrats topped the Socialists in the September general election but did not win a majority, and the liberal Free Democrats threw in with the Socialists.

Revaluation of the mark, Europe's strongest currency, has been a cardinal point of Social Democratic policy since its obvious undervaluation began producing flights of speculative capital to West Germany a year ago. The speculators periodically sold dollars, francs and pounds to stock marks, banking

that the government would be forced to raise the value and they would make a killing.

Christian Democratic Chancellor Kurt Georg Kiesinger stubbornly refused to revalue. But on Sept. 29 he set it free on the world market, meaning that the West German central bank stopped supporting the currency at its previous fixed rate of four marks to the U.S. dollar and al-

lowed it to find its own level. The mark climbed in value about 7 per cent, and estimates of the increase the new Cabinet would order ranged between 6.5 and 8 per cent.

Ohio Receives Safety Award

COLUMBUS, Ohio (AP) — For the second time in three years Ohio has received the top pedestrian safety award from the American Automobile Association (AAA).

The award, based on 1968 figures, was presented to Gov. James A. Rhodes and State Highway Safety Director Warren Nelson by J. Russell Lloyd, executive director of the Ohio State Automobile Association.

Lloyd said Ohio won the award for "continued reduction in pedestrian deaths and injuries during a period when traffic tolls were rising." Pedestrian deaths in 1968 dropped four per cent to 380 and injuries fell seven per cent to 3,149.

High NASA Official Plans To Retire

CLEVELAND, Ohio (AP) — Dr. Abe Silverstein, director of the National Aeronautics and Space Administration's Lewis Research Center since 1961, will retire at the end of this month.

Dr. Silverstein's projects have ranged from working on World War II combat aircraft, to constructing the nation's first supersonic wind tunnel to naming the Mercury and Apollo space programs.

Link Mobster With Douglas Foundation

By JEAN HELLER
Associated Press Writer

LAS VEGAS, Nev. (AP) — A major source of financial support for the foundation which Supreme Court Justice William O. Douglas headed for nine years came from a deal set up by Meyer Lansky, one of the nation's most notorious mobsters.

Under a contract signed by Albert Parvin, Lansky was paid

\$200,000 for acting as middle-man in setting up the 1960 sale of the Flamingo Hotel here.

Parvin, foreman head of the Parvin-Dohrmann Co. of Los Angeles was president and 30 per cent owner of the company seeking to sell the hotel-casino, Hotel Flamingo, Inc.

The Flamingo was sold to a group which included Florida hotelmen Samuel Cohen, Morris

Lansburgh and Daniel Lifter.

The \$200,000 was a finder's fee which Lansky received for introducing the sellers to the Florida men interested in buying the hotel.

Parvin used a portion of the proceeds from the sale of the Flamingo to help set up the Albert Parvin Foundation. Parvin said Douglas aided him in creating the foundation. Douglas later

served as its president and only salaried officer.

It could not be determined if Douglas ever learned of or was told of the background of the Flamingo sale at any time during his association with the foundation. Douglas was asked for comment but declined to discuss the matter. Parvin could not be reached for comment.

A federal grand jury in New

York is reported to be investigating the dealings of Parvin-Dohrmann Co. and other individuals and companies, but this probe apparently is unrelated to the Flamingo sale.

The terms of the contract stipulated that Parvin's company would pay Lansky the \$200,000 fee in quarterly installments of \$6,250 beginning Jan. 2, 1961. Under those terms, Parvin should have made the final payment to Lansky in October 1968.

Lansky's name has come up repeatedly in recent investigations of organized crime. Sen. John L. McClellan's permanent investigations subcommittee, for example, describes Lansky as "one of the country's top gangsters."

Frank Johnson, chairman of the Nevada Gaming Control Board, was asked about the state's official attitude toward any Lansky involvement in gambling activities here.

"He is not the kind of man we want doing business in this state," Johnson said. "And that's putting it as mildly as I can."

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

A small but vigorous low pressure system moved across the lower Great Lakes Tuesday night, leaving a blanket of snow over northern Michigan and Ontario.

Gusty northwesterly winds following this low brought colder weather into Ohio this morning. Early morning temperatures mostly were in the 40s but dropped to the upper 30s in the northwestern counties and lingered near the 50-degree mark along the Ohio River.

As the cold air moves over the relatively warm waters of Lake Erie, heavy snow flurries and squalls likely are to develop by this afternoon or this evening near the lake in North-eastern Ohio.

Skies are expected to clear tonight and temperatures drop to around or below the freezing point over much of the state while cloudiness and snow flurries will continue in the north-eastern sections.

A cold high pressure system is developing over the Northern Plains and will push rapidly southeastward then move eastward across the Ohio Valley Thursday and bring generally sunny weather but continuing cool temperatures to the state.

FORECASTS

OHIO — Variable cloudiness with snow flurries northeast, especially near Lake Erie, clearing elsewhere and colder tonight. Lows in the low and mid 30s. Thursday mostly fair and cool.

NORTHWEST OHIO — Clearing and colder tonight. Lows in the low 30s. Thursday mostly fair and cool. Highs in the upper 40s and low 50s.

SOUTHWEST, CENTRAL, SOUTHEAST & EAST CENTRAL OHIO — Clearing and colder tonight. Lows in the low and mid 30s. Thursday mostly fair and cool. Highs in the 50s.

OHIO FIVE-DAY FORECAST

It will be cool Thursday through Monday with small day - to - day temperature changes. Temperature will be below normal with highs averaging near 50 north and from 55-60 south. Lows will be mostly in the 30s. Showers, mainly north early next week will average less than .1 inch.

Barnard Admits Fatal Mistake

NEW YORK (AP) — Dr. Christian Barnard, the South African surgeon who won fame with his pioneering heart transplants, says he once made an error which cost the life of a 7-year-old boy in a University of Minnesota operating room.

In a copyright article in McCall's magazine, Barnard said a scalpel cut by mistake into the child's heart.

Barnard quoted the chief surgeon, Dr. C. Walton Lillehei, as saying: "We've all made these mistakes."

The boy was not identified.

Ohio Receives Safety Award

COLUMBUS, Ohio (AP) — For the second time in three years Ohio has received the top pedestrian safety award from the American Automobile Association (AAA).

The award, based on 1968 figures, was presented to Gov. James A. Rhodes and State Highway Safety Director Warren Nelson by J. Russell Lloyd, executive director of the Ohio State Automobile Association.

Lloyd said Ohio won the award for "continued reduction in pedestrian deaths and injuries during a period when traffic tolls were rising." Pedestrian deaths in 1968 dropped four per cent to 380 and injuries fell seven per cent to 3,149.

High NASA Official Plans To Retire

CLEVELAND, Ohio (AP) — Dr. Abe Silverstein, director of the National Aeronautics and Space Administration's Lewis Research Center since 1961, will retire at the end of this month.

Dr. Silverstein's projects have ranged from working on World War II combat aircraft, to constructing the nation's first supersonic wind tunnel to naming the Mercury and Apollo space programs.

Link Mobster With Douglas Foundation

By JEAN HELLER
Associated Press Writer

LAS VEGAS, Nev. (AP) — A major source of financial support for the foundation which Supreme Court Justice William O. Douglas headed for nine years came from a deal set up by Meyer Lansky, one of the nation's most notorious mobsters.

Under a contract signed by Albert Parvin, Lansky was paid

\$200,000 for acting as middle-man in setting up the 1960 sale of the Flamingo Hotel here. Parvin, foreman head of the Parvin-Dohrmann Co. of Los Angeles was president and 30 per cent owner of the company seeking to sell the hotel-casino, Hotel Flamingo, Inc.

The Flamingo was sold to a group which included Florida hotelmen Samuel Cohen, Morris

Lansburgh and Daniel Lifter. The \$200,000 was a finder's fee which Lansky received for introducing the sellers to the Florida men interested in buying the hotel.

Parvin used a portion of the proceeds from the sale of the Flamingo to help set up the Albert Parvin Foundation. Parvin said Douglas aided him in creating the foundation. Douglas later

served as its president and only salaried officer.

It could not be determined if Douglas ever learned of or was told of the background of the Flamingo sale at any time during his association with the foundation. Douglas was asked for comment but declined to discuss the matter. Parvin could not be reached for comment.

A federal grand jury in New

York is reported to be investigating the dealings of Parvin-Dohrmann Co. and other individuals and companies, but this probe apparently is unrelated to the Flamingo sale.

The terms of the contract stipulated that Parvin's company would pay Lansky the \$200,000 fee in quarterly installments of \$6,250 beginning Jan. 2, 1961. Under those terms, Parvin should have made the final payment to Lansky in October 1968.

Lansky's name has come up repeatedly in recent investigations of organized crime. Sen. John L. McClellan's permanent investigations subcommittee, for example, describes Lansky as "one of the country's top gangsters."

Frank Johnson, chairman of the Nevada Gaming Control Board, was asked about the state's official attitude toward any Lansky involvement in gambling activities here.

"He is not the kind of man we want doing business in this state," Johnson said. "And that's putting it as mildly as I can."

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

A small but vigorous low pressure system moved across the lower Great Lakes Tuesday night, leaving a blanket of snow over northern Michigan and Ontario.

Gusty northwesterly winds following this low brought colder weather into Ohio this morning. Early morning temperatures mostly were in the 40s but dropped to the upper 30s in the northwestern counties and lingered near the 50-degree mark along the Ohio River.

As the cold air moves over the relatively warm waters of Lake Erie, heavy snow flurries and squalls likely are to develop by this afternoon or this evening near the lake in Northeastern Ohio.

Skies are expected to clear tonight and temperatures drop to around or below the freezing point over much of the state while cloudiness and snow flurries will continue in the northeastern sections.

A cold high pressure system is developing over the Northern Plains and will push rapidly southeastward then move eastward across the Ohio Valley Thursday and bring generally sunny weather but continuing cool temperatures to the state.

FORECASTS

OHIO — Variable cloudiness with snow flurries northeast, especially near Lake Erie, clearing elsewhere and colder tonight. Lows in the low and mid 30s. Thursday mostly fair and cool. Highs in the upper 40s and low 50s.

NORTHWEST OHIO — Clearing and colder tonight. Lows in the low 30s. Thursday mostly fair and cool. Highs in the upper 40s and low 50s.

SOUTHWEST, CENTRAL, SOUTHEAST & EAST CENTRAL OHIO — Clearing and colder tonight. Lows in the low and mid 30s. Thursday mostly fair and cool. Highs in the 50s.

OHIO FIVE-DAY FORECAST

It will be cool Thursday through Monday with small day-to-day temperature changes. Temperature will be below normal with highs averaging near 50 north and from 55-60 south. Lows will be mostly in the 30s. Showers, mainly north early next week will average less than .1 inch.

Barnard Admits Fatal Mistake

NEW YORK (AP) — Dr. Christiaan Barnard, the South African surgeon who won fame with his pioneering heart transplants, says he once made an error which cost the life of a 7-year-old boy in a University of Minnesota operating room.

In a copyright article in McCall's magazine, Barnard said a scalpel cut by mistake into the child's heart.

Barnard quoted the chief surgeon, Dr. C. Walton Lillehei, as saying: "We've all made these mistakes."

The boy was not identified.

Views on Television

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Television writers have often complained about a "double standard" of censorship—more leniency, more permissiveness for movie broadcasts than for regular TV series. This attitude may open the door a bit for a little extra action in this season's shows filmed primarily for television broadcast.

Tuesday night, for instance, ABC's "Movie of the Week" had what must be the roughest tussle of the season to date. It was an old-fashioned action show called "The Monk" and told of an amateur detective who got involved with the crime syndicate and, of course, murder.

The hero, Gus Monk—played effectively by George Maharis—looked on two hired thugs, tossing vicious kicks and uppercuts. In the end he vanquished them by turning a hot shower on them, an anticlimax of sorts.

The tough, sad-sack private eye of the Philip Marlowe school returned on NBC's first "World Premiere" movie of the season, a minor effort called "The Lonely Profession."

It suffered from the problem that beset many of the series last season—too little plot and too much time to fill. What should have been a one-hour show was padded with action and camera tricks. But these plus a large and interesting cast made two hours of pretty good escape entertainment.

Harry Guardino played a poor but honest shamus—he was so honest he unhesitatingly turned down an offer of \$250,000 a year for his silence—who was called upon by a terrified girl for protection. He tried, spending the night sleeping on the living room couch in her apartment but awakened to find she had been garrotted in a locked room.

He badgered his way to a conclusion, but the puzzle of the locked room was a throw-away, and the end was pretty clear to any whodunit fancier.

The private eye was sapped, badgered by the police, snubbed by his clients—and was caught every time he tried to break the case.

Dina Merrill, who usually plays such nice women, turned up as a predatory dame up to her neck in intrigue. She was quietly led away at the end.

Postpone Case Of Ohio Marine In Wounding

ATLANTIC CITY, N. J. (AP) —The case of Jesse Hank, a Marine from Columbus, Ohio, charged with the shooting of the mother of two local civil rights leaders was postponed indefinitely Tuesday.

Hank was being held in city jail charged with atrocious assault and battery and attempted robbery with a gun.

Police said Hank shot Augusta Mossee, 59, three times as he attempted to rob her candy store Oct. 12.

She is the mother of Israel Mossee, of the Uptown Community Center, and Harold Mossee, Direct Action Youth leader. Mrs. Mossee was in good condition at a hospital.

Ohio SDS Leader Mum

WASHINGTON (AP) — A member of the Students for a Democratic Society from Columbus, Ohio, appeared Tuesday before the House Internal Security Committee but refused to answer questions about the organization's activities.

Bernard Donanberg, 23, said he was an SDS member but invoked the fifth amendment and declined to answer all other questions.

Through his attorney, Gerald Lefcourt of New York City, Donanberg said the hearing was unconstitutional, overboard, vague and constituted trial by legislature in violation of the first and fifth amendments.

Committee counsel Stephen Romines said after the session that Donanberg agreed at an interview in Columbus Oct. 13 to testify.

Showgirl Finds Friendship Is Priceless

LAS VEGAS, Nev. (AP) — Astrodella, a topless showgirl, isn't supposed to cry—it might slow her recovery from her eye operation.

But when dancers and musicians chipped in to help pay for her surgery, "I just bawled my head off," said the dark-haired dancer, whose real name is Janet Boyd.

Astrodella pops out of a "space capsule" nightly at Howard Hughes' Silver Slipper casino. Then she does an exotic dance and a strip act.

The 22-year-old dancer, a 6-footer with a 38-24-36 figure, makes about \$425 per week.

But she ran short of money two months ago paying for a cancer operation for her mother, who died last month.

Scott Raps Agnew 'Name Calling'

WASHINGTON (AP) — Senate Republican Leader Hugh Scott, rebuking Vice President Spiro T. Agnew without naming him, has called for tolerance and an end to "name calling and accusation" in the debate over Vietnam.

Scott, in his most evident disagreement with the White House since his election the GOP's Senate leader a month ago, said "the administration must accept the sincere intent of this debate and of demonstrations" as a phenomenon of freedom and a product of anguish over the war.

The Pennsylvania senator said such protests "will not be stifled or talked down."

In New York, Secretary of State William P. Rogers said the administration has "listened with respect" to opponents of the war.

"Our President is striving for

peace in ways that only the man in that office can," Rogers said at the Council of Churches annual "Family of Man" awards dinner.

While there were some "unpleasant aspects" of last Wednesday's demonstrations, Rogers said, "on the whole, it seemed to me that a great many of the demonstrators wished principally to register dramatic but dignified expression of their deep concern for peace in Vietnam. And we listened to these voices with respect—because we, too, have a deep concern for peace in Vietnam."

And the Republican national chairman, declaring flatly that President Nixon is "bringing our involvement in Vietnam to an end," accused administration critics of playing politics over policy.

Rep. Rogers C. B. Morton of

Maryland dismissed Nixon critics as "sound officers."

Scott's written statement, volunteered late Monday, did not mention Agnew. But a source close to the GOP leader made clear the statement was prompted by Agnew's Sunday attack on the war protest movement.

Agnew, in New Orleans, said leaders of the protest movement are "hard core dissidents and professional anarchists."

The vice president said they are being encouraged by "an effete corps of impudent snobs who characterize themselves as intellectuals."

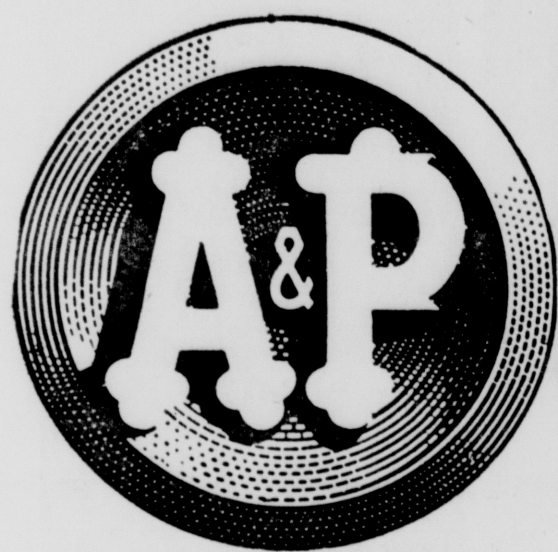

Scott said the American people have heard "enough of invective against Americans who feel a different way."

At the same time, Scott said, Nixon already has responded to public opinion "with significant

moves in the direction of peace."

Sen. J. W. Fulbright, D-Ark., chairman of the Foreign Relations Committee which will open a week of Vietnam hearings next Monday, called the Agnew speech undignified. He accused the vice president of "very poor manners."

Views on Television

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Television writers have often complained about a "double standard" of censorship—more leniency, more permissiveness for movie broadcasts than for regular TV series. This attitude may open the door a bit for a little extra action in this season's shows filmed primarily for television broadcast.

Tuesday night, for instance, ABC's "Movie of the Week" had what must be the roughest tussle of the season to date. It was an old-fashioned action show called "The Monk" and told of an amateur detective who got involved with the crime syndicate and, of course, murder.

The hero, Gus Monk—played effectively by George Maharis—look on two hired thugs, tossing vicious kicks and uppercuts. In the end he vanquished them by turning a hot shower on them, an anticlimax of sorts.

The tough, sad-sack-private eye of the Philip Marlowe school returned on NBC's first "World Premiere" movie of the season, a minor effort called "The Lonely Profession."

It suffered from the problem that beset many of the series last season—too little plot and too much time to fill. What should have been a one-hour show was padded with action and camera tricks. But these plus a large and interesting cast made two hours of pretty good escape entertainment.

Harry Guardino played a poor but honest shamus—he was so honest he hesitatingly turned down an offer of \$250,000 a year for his silence—who was called upon by a terrified girl for protection. He tried, spending the night sleeping on the living room couch in her apartment but awakened to find she had been garrotted in a locked room.

He badgered his way to a conclusion, but the puzzle of the locked room was a throw-away, and the end was pretty clear to any whodunit fancier.

The private eye was sapped, badgered by the police, snubbed by his clients—and was caught every time he tried to break the case.

Dina Merrill, who usually plays such nice women, turned up as a predatory dame up to her neck in intrigue. She was quietly led away at the end.

Postpone Case Of Ohio Marine In Wounding

ATLANTIC CITY, N. J. (AP) — The case of Jesse Hank, a Marine from Columbus, Ohio, charged with the shooting of the mother of two local civil rights leaders was postponed indefinitely Tuesday.

Hank was being held in city jail charged with atrocious assault and battery and attempted robbery with a gun.

Police said Hank shot Augusta Mossee, 59, three times as he attempted to rob her candy store Oct. 12.

She is the mother of Israel Mossee, of the Uptown Community Center, and Harold Mossee, Direct Action Youth leader. Mrs. Mossee was in good condition at a hospital.

Ohio SDS Leader Mum

WASHINGTON (AP) — A member of the Students for a Democratic Society from Columbus, Ohio, appeared Tuesday before the House Internal Security Committee but refused to answer questions about the organization's activities.

Bernard Donanberg, 23, said he was an SDS member but invoked the fifth amendment and declined to answer all other questions.

Through his attorney, Gerald Lefcourt of New York City, Donanberg said the hearing was unconstitutional, overboard, vague and constituted trial by legislature in violation of the first and fifth amendments.

Committee counsel Stephen Romines said after the session that Donanberg agreed at an interview in Columbus Oct. 13 to testify.

Showgirl Finds Friendship Is Priceless

LAS VEGAS, Nev. (AP) — Astrorella, a topless showgirl, isn't supposed to cry—it might slow her recovery from her eye operation.

But when dancers and musicians chipped in to help pay for her surgery, "I just howled my head off," said the dark-haired dancer, whose real name is Janet Boyd.

Astrorella pops out of a "space capsule" nightly at Howard Hughes' Silver Slipper casino. Then she does an exotic dance and a strip act.

The 22-year-old dancer, a 6-footer with a 38-24-36 figure, makes about \$425 per week.

But she ran short of money two months ago paying for a cancer operation for her mother, who died last month.

Scott Raps Agnew 'Name Calling'

WASHINGTON (AP) — Senate Republican Leader Hugh Scott, rebuking Vice President Spiro T. Agnew without naming him, has called for tolerance and an end to "name calling and accusation" in the debate over Vietnam.

While there were some "unpleasant aspects" of last Wednesday's demonstrations, Rogers said, "on the whole, it seemed to me that a great many of the demonstrators wished principally to register dramatic but dignified expression of their deep concern for peace in Vietnam. And we listened to these voices with respect—because we, too, have a deep concern for peace in Vietnam."

And the Republican national chairman, declaring flatly that President Nixon is "bringing our involvement in Vietnam to an end," accused administration critics of playing politics over policy.

Rep. Rogers C. B. Morton of

peace in ways that only the man in that office can," Rogers said at the Council of Churches annual "Family of Man" awards dinner.

While there were some "unpleasant aspects" of last Wednesday's demonstrations, Rogers said, "on the whole, it seemed to me that a great many of the demonstrators wished principally to register dramatic but dignified expression of their deep concern for peace in Vietnam. And we listened to these voices with respect—because we, too, have a deep concern for peace in Vietnam."

And the Republican national chairman, declaring flatly that President Nixon is "bringing our involvement in Vietnam to an end," accused administration critics of playing politics over policy.

Rep. Rogers C. B. Morton of

Maryland dismissed Nixon critics as "sound officers."

Scott's written statement, volunteered late Monday, did not mention Agnew. But a source close to the GOP leader made clear the statement was prompted by Agnew's Sunday attack on the war protest movement.

Agnew, in New Orleans, said leaders of the protest movement are "hard core dissidents and professional anarchists."

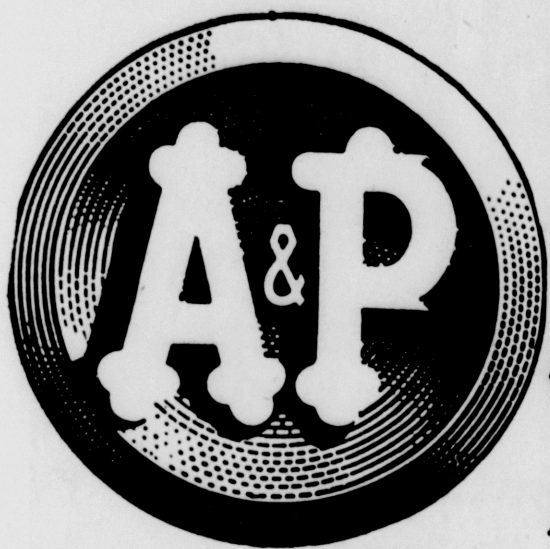

The vice president said they are being encouraged by "an effete corps of impudent snobs who characterize themselves as intellectuals."

At the same time, Scott said, Nixon already has responded to public opinion "with significant

moves in the direction of peace."

Sen. J. W. Fulbright, D-Ark., chairman of the Foreign Relations Committee which will open a week of Vietnam hearings next Monday, called the Agnew speech undignified. He accused the vice president of "very poor manners."

Smokers Banned From Selection

AFRICA (AP) — Twenty out of 117 boys attending a special week-long cricket festival were banned from selection for the combined South African Schools team as a punishment for smoking and drinking during the festival. All 20 admitted they had had a few cigarettes and beer shandies (beer and lemonade) but said many others escaped because they were not honest enough to own up. Some of the banned boys said they are allowed to drink with their parents.

Job Safety Probers Find Some Conditions Terrible

WASHINGTON (AP) — Congress has been told pockets of 19th-Century-like working conditions in U.S. industry are endangering the safety of working men.

The testimony before congressional committees came on a clutch of bills intended to provide a comprehensive occupational health and safety program for the nation.

Witnesses painted a bleak picture of the situation in some industries.

—An estimated 600 to 1,100 out of a total of 6,000 uranium miners will suffer lung cancer because of exposure to radiation.

—A group of British scientists found 60 workers out of 500 employed by a southern mill suffered byssinosis—caused by breathing cotton dust—which

leads to chronic bronchitis and emphysema. The British did the test because they found the disease among their own workers in England who were handling imported American cotton.

Other materials such as asbestos, talc, beryllium, laundry soap enzymes, sugar cane fiber and even moldy silage also were tabbed as among substances that can cause damage to workers if they are not handled with special care.

Other legislative targets are unsafe machines, gauges, pipes—the total job environment.

Estimates showed 14,000 workmen die annually because of job injuries; another two million are disabled for anywhere from a day to life. In the last four years more have died on the job than in Vietnam. And five times more man-days have been lost to accidents than in strikes.

Safety codes laid down by major industries, the states and insurance companies are patchy, consisting more of recommendations than rules.

Federal legislation covers only selected groups, such as coal miners.

And the congressmen were told there are twice as many game wardens—1,600—as there are safety inspectors at the state and federal level.

Of the half-dozen bills before Congress, the strongest are the administration proposal favored by business and the measure of Rep. James O'Hara, D-Mich., backed by labor.

Both measures would encourage a uniform code in the states, prod research into safety problems, and work toward a comprehensive set of statistics. In the latter area, it is thought, much of the danger still is undetected because smaller firms either do not keep figures or do not report them.

Syria Steps Up Lebanon Dispute

By THE ASSOCIATED PRESS

Syria closed its border with Lebanon Tuesday night in a new attempt to pressure the Lebanese into ending their restrictions on Arab guerrillas camped in southeast Lebanon.

The Syrian Interior Ministry announced the closing of the border a few hours after the army attack on three guerrilla Palestine Liberation Organization reported 14 guerrillas killed and 25 wounded in a Lebanese village.

The PLO also claimed five Lebanese civilians were killed in the villages of Kafr Shams, Majdal Salam and Al Shakra, and that 30 to 40 guerrillas were arrested. It said Lebanese troops and tanks had surrounded the villages, and both Lebanese and Israeli artillery were attacking them.

The Syrian government threatened "firmer and more effective measures" if the Lebanese government did not call off its attack on the guerrillas.

The Lebanese army for many months has been trying to curb guerrilla raids against Israel from its territory because it fears Israeli retaliation. The Syrians have been egging the guerrillas on, supplying and reinforcing them, and keeping the Lebanese government under constant attack.

A stick of dynamite was thrown from a passing car Tuesday night at the residence of Lebanon's chief of security but exploded without causing serious damage.

In Tripoli, north Lebanon's chief city, an organization called Progressive Youth urged a general strike to protest the army action against the guerrillas. No date for the strike was set, however.

In Israel, meanwhile, explosions ripped through three apartment buildings in Haifa

early today, killing one man and injuring 10 other persons. Police said saboteurs were responsible.

The explosions went off at intervals of about one hour. All the buildings were on Mt. Carmel, overlooking Haifa Bay.

There have been a series of Arab sabotage attacks in the Haifa area recently.

Military spokesmen in Tel Aviv said Arabs in Jordan fired rockets and mortar shells at a potash plant on the shore of the Dead Sea Tuesday night. No

casualties were reported, but there was some damage to the plant's electrical system, the army said.

A spokesman also reported one Israeli soldier wounded when the Egyptians fired on Israeli forces north of El Qantara on the Suez Canal.

Israeli jets struck across the Canal today at Egyptian military targets for the first time in a week. All planes returned safely, an Israeli spokesman said.

Informants in Tel Aviv said Arab regular troops and guerrillas were stepping up hostilities on all fronts. They said there were 164 artillery exchanges last week between Egyptian and Israeli forces across the Suez Canal, compared with 123 the previous week; 64 clashes on the Jordanian border compared with 50 the week before, and 11 battles on the Syrian front and three on the Lebanese border, both slight increases over the previous seven days.

OEA Asks President Not To Cut Funds

COLUMBUS, Ohio (AP)—The Ohio Education Association has asked President Nixon not to cut federal expenditures on education as an anti-inflation measure.

In a telegram sent to Nixon and Ohio's senators and congressmen, the OEA asked the president to assure the American public that his fiscal policies "do not include slowdowns or cutbacks in educational spending at the local, state or federal levels."

Frank Sinatra Won't Appear Before Grand Jury Probers

LOS ANGELES (AP) — Frank Sinatra says he does not care to figure in "any three-ring circus" and refuses to appear voluntarily before a New Jersey agency investigating organized crime.

The New Jersey State Investigation Commission, probing alleged criminal activity in Monmouth County, had a warrant issued for Sinatra's arrest last week after the 53-year-old entertainer failed to answer a subpoena. The warrant is enforceable only in New Jersey.

In a statement issued Tuesday, Sinatra said:

"For many years every time some Italian names are involved in any inquiry I get a subpoena. I appear. I am asked questions about scores of per-

sons unknown to me. I am asked questions based on rumors and events which have never happened. I am subjected to the type of publicity I do not desire and do not seek."

He said he was willing to answer "any and all appropriate questions" by deposition or personal interview, but "I am not willing to become part of any three-ring circus which will necessarily take place if I appear before the state commission of investigation in New Jersey, whether the hearings be public or private."

William F. Hyland, chairman of the New Jersey commission, said any decision on further action would be up to the full commission.

Sinatra was ordered to appear Aug. 19 at a private hearing but obtained a month's delay. The commission said it heard nothing more from him.

"Notwithstanding the fact that I am of Italian descent, I do not have any knowledge of the extent or the manner in which 'organized crime' functions in the State of New Jersey or whether there is such a thing as 'organized crime,'" Sinatra's statement said.

Guess What? William White Will Seek Office

COLUMBUS, Ohio (AP) — William L. White of Mt. Vernon, a perennial candidate for public office, Tuesday announced he will try again for the U.S. Senate.

White, who describes himself as a development and business engineer, said he would run in 1970 either as a Republican or an Independent.

In the 1968 GOP Senate primary, White ran against William B. Saxbe. He previously ran twice for governor and once for Congressman-at-large.

White announced his latest candidacy in a letter to President Nixon. He said Ohioans are not satisfied with U.S. involvement in Vietnam and urged Nixon to "liquidate this most dangerous mistake in American history."

General Electric Unions Approve Strike Nov. 9

CINCINNATI (AP) — Both major unions at the General Electric Co. plant in suburban Evendale have voted to authorize their bargaining committees to call strikes when their contracts expire Nov. 9.

The International Association of Machinists, representing about 1,450 workers at the aircraft engine plant, voted Tuesday night by nearly a 10-1 margin, local President Arnold Tucker reported.

Members of the United Automobile Workers gave strike authorization Sunday. The GE local has about 4,500 members.

The company has proposed a three-year contract with pay increases of 20 cents an hour the first year for most employees with wage reopeners the next two years.

"For many years every time some Italian names are involved in any inquiry I get a subpoena. I appear. I am asked questions about scores of per-

sons unknown to me. I am asked questions based on rumors and events which have never happened. I am subjected to the type of publicity I do not desire and do not seek."

He said he was willing to answer "any and all appropriate questions" by deposition or personal interview, but "I am not willing to become part of any three-ring circus which will necessarily take place if I appear before the state commission of investigation in New Jersey, whether the hearings be public or private."

William F. Hyland, chairman of the New Jersey commission, said any decision on further action would be up to the full commission.

Sinatra was ordered to appear Aug. 19 at a private hearing but obtained a month's delay. The commission said it heard nothing more from him.

"Notwithstanding the fact that I am of Italian descent, I do not have any knowledge of the extent or the manner in which 'organized crime' functions in the State of New Jersey or whether there is such a thing as 'organized crime,'" Sinatra's statement said.

William White
Will Seek Office

COLUMBUS, Ohio (AP) — William L. White of Mt. Vernon, a perennial candidate for public office, Tuesday announced he will try again for the U.S. Senate.

White, who describes himself as a development and business engineer, said he would run in 1970 either as a Republican or an Independent.

In the 1968 GOP Senate primary, White ran against William B. Saxbe. He previously ran twice for governor and once for Congressman-at-large.

White announced his latest candidacy in a letter to President Nixon. He said Ohioans are not satisfied with U.S. involvement in Vietnam and urged Nixon to "liquidate this most dangerous mistake in American history."

General Electric Unions Approve Strike Nov. 9

CINCINNATI (AP) — Both major unions at the General Electric Co. plant in suburban Evendale have voted to authorize their bargaining committees to call strikes when their contracts expire Nov. 9.

The International Association of Machinists, representing about 1,450 workers at the aircraft engine plant, voted Tuesday night by nearly a 10-1 margin, local President Arnold Tucker reported.

Members of the United Automobile Workers gave strike authorization Sunday. The GE local has about 4,500 members.

The company has proposed a three-year contract with pay increases of 20 cents an hour the first year for most employees with wage reopeners the next two years.

Heavy Ohio Grid Schedule Slated

COLUMBUS, Ohio (AP) — Passing will be the name of the game when Baldwin - Wallace and host Wittenberg battle Saturday in an Ohio Conference football title bearing contest.

Wittenberg (2-0-0) and Baldwin-Wallace (2-0-1) are running two - three in the OC behind Ohio Wesleyan (3-0-0), which plays outside the conference at Wabash Saturday.

Wittenberg's Dave Maurer and B-W's Lee Tressel are emphasizing pass defense in practice this week. That's understandable since the Yellow Jackets are third, the Tigers fourth in conference air success.

Tressel knows his school has trouble beating Wittenberg. The Tigers own an 8-3 series edge and had whipped the Yellow Jackets six straight times before last year's 14-7 B-W victory.

"Wittenberg is definitely the quickest team we've seen, in person or scouting," Tressel advised. "They have a real good passing game and their running has improved lately."

Maurer's main concern is controlling the high octane B-W offense, the No. 1 attack in the conference. The Yellow Jackets are averaging 428.4 total yards and leading the OC scoring with 117 points.

Mike Blake has passed for 10 B-W touchdowns and owns 841 passing yards with 56 of 104 completions. Wittenberg quarterback Rocky Alt has completed 41 of 84 passes for 725 yards and seven scores.

"They pose as many problems on defense as on offense," the Wittenberg coach declared. "We'll have to play an errorless game."

The Tigers should be ready to do that. Maurer maintains the Tigers played their best game of the season last week, thumping Heidelberg 41-9.

Neither side has serious injuries although Wittenberg fullback Jim Justice, the Tigers' No. 1 runner, has rib problems. He will be held out of practice for several days but should play Saturday.

Although Otterbein, at home for Marietta (3-1) Saturday, has lost two straight in the OC, the Cardinals have a record breaking passer, Norm Lukey.

Lukey riddled B-W's secondary last week for 38 bulleseyes in 62 tries, good for 427 yards. When Norm got through, he owned four OC single game records and helped the Cardinals establish three more.

Other conference games Saturday find Capital (2-2) at Muskingum (1-1-1), Denison (2-1) at Oberlin (0-2), Mt. Union at Hiram (2-2) and Kenyon (1-2) at Wooster (1-2). Heidelberg visits Westminster (Pa.) in another non-conference game.

Bench, Seaver Head AP All-Star Team

By MIKE BRYSON
Associated Press Sports Writer

NEW YORK (AP) — Johnny Bench of the Cincinnati Reds and Tom Seaver of New York's world champion Mets head The Associated Press' all-star major league baseball team announced today.

The 21-year-old Bench, who hit .293 with 20 homers and 90 runs batted in in his second full season in the majors, was the top vote-getter, attracting 264 in the nation-wide balloting by 283 sports writers and broadcasters.

Seaver, the smooth right-hander whose 25-7 record was the best in the majors and whose exuberance and zest played a big role in the Mets miracle, was next with 237 votes.

He was the only member of the world champions to make either the first or second team. In fact, Cincinnati was the only team to land two players on the first team—outfielder

Pete Rose, who led the National League with a .348 average, was the Reds' other representative.

Others on the first team were Willie McCovey of the San Francisco Giants at first, Rod Carew of Minnesota at second, Rico Petrocelli of Boston at short stop, Ron Santo of the Chicago Cubs at third, outfielders Hank Aaron of Atlanta and Frank Howard of Washington and left-handed pitcher Mike Cuellar of Baltimore's American League champs.

Bench was an overwhelming choice as catcher. The young slugger's nearest rival, Bill Freehan of Detroit, drew only eight votes.

Seaver similarly was a solid choice as the right-handed pitcher, drawing 211 votes more than runnerup Denny McLain of Detroit, the 31-game winner of 1968 who was 24-9 last season.

Carew, who led the American League with a .322 average, beat out Glenn Beckert of the Cubs as the second baseman, 217 votes to 42.

Petrocelli, who hit .297 with 40 homers and 96 RBI, also had a comfortable margin over another Cub, Don Kessinger, at short — 234 votes to 40.

Aaron, who helped the Braves to the NL West title with a .299 average, 44 homers and 96 RBI, led the outfield balloting with 221.

Rose was next with 186 while Howard, who had his greatest year with 48 homers, 111 RBI and a .296 average, had 112.

The three runnerups were Frank Robinson of Baltimore (.308), Roberto Clemente of Pittsburgh (.345) and Reggie Jackson of Oakland (.276), who led the AL in homers much of the season before being sidelined late in the campaign and finishing with 47.

Jackson edged out Cleon Jones of the Mets for final outfield spot on the second team by just three votes.

Because of some vote splitting, Harmon Killebrew of Minnesota wound up as both the first and third baseman of the second team.

Gil Hodges of the Mets and Ted Williams of Washington earlier were named the National and American League managers of the year, respectively.

McCovey, who played a key role in the Giants' pennant bid, drew the attention of the voters with 45 homers, 126 RBI and a .320 average.

Santo, the Cubs' captain, produced 129 RBI, 29 homers and a .287 average.

Cuellar, 23-11 during the season and the winner of the Orioles' only triumph in the World Series, beat out teammate Dave McNally as the left-handed pitcher, 141 votes to 49.

Logan Elm Homecoming; Mustangs, Vikings Away

Teays Valley will travel to Canal Winchester Friday for an encounter with the rugged Indians.

Winchester has been improving each week and could be at their peak Friday night. They started the season with an inexperienced ball club but have come along in good shape.

"They are a team that will use five or six defenses," Viking Coach Dick Kidwell stated, "trying to confuse the offense and they have shown good results with it."

"Good power inside the tackles gives them a strong running game," Kidwell said, "and their quarterback has good speed to the outside. They can move the ball and it takes a good defense to contain them."

"We moved the ball against Franklin," Kidwell offered, "but couldn't get the breaks. Our offense is solid and should be ready for the Indians. Using

both Champ Henson and Ron Crosby at fullback gives us power and quickness."

"We have been satisfied with our defense as they have given us a good game every week," said Kidwell, "and expect another good showing this Friday."

Crosby still has a gimpy leg but should be ready for the Indians. The injury list has dwindled and the Vikings should be at full strength.

Teays Valley's offensive unit will be: John Tucker and Jeff Hiesler at the ends, Mike Mapes and Don Stir, tackles, Chuck Frazier and Rob Archer, guards, Mike Schiff at center, Stan Clay, quarterback, Champ Henson or Ron Crosby at fullback, Bob Tucker, tailback and Dan Hicks, halfback.

On defense the Vikings will go with: Henson and Tucker, ends, Stir and Jack Brinker, tackles, Bob Straight, middle guard, Bob Cluff and Chuck Jackson, linebackers, Jeff Hiesler, rover back, Steve Hines and Ron Bell, halfbacks and Ed McCord, safety.

It's homecoming for the Braves. The Adena Warriors will provide tough opposition for the LE gridders.

ADENA, a Scioto Valley Conference member, is big and is primarily a running team, although they can pass. The Warriors operate from a straight T formation, they like to sweep, run the belly series and counter. The backs are big and fast. Pettiford and Carabas are the two main threats in the Warrior's running attack.

Logan Elm will see a multiple defense. From what Coach Mark Albright has been able to learn, the Adena squad uses a 4-4 or an Oklahoma 5-4 alignment most of the time.

The Braves have been hard hit by injuries. Last week senior tackle Roger Evans was added to the list of players knocked out of action for the remainder of the year.

Evans sustained an ankle injury that will take four to five weeks to mend. Also out for the season are Kenny Kurtz and Jack Randle, a couple of freshmen who showed promise early in the season. Both were injured before season reached its midpoint. Dean Godden, a sophomore back, is still out with a bruised rib. He was injured two weeks ago in a reserve game.

On the bright side, Albright has Mike Williams and Chuck Karshner back. Both are guards. Also running at full speed again is Wirtie Teets, starting halfback, who sustained a mild concussion in the Unioto game and was used sparingly last week.

Dale Valentine and Bob McAfee will be used to replace Evans. Offensive linemen will be Byron Sykes and Dan Ankrom at ends, Valentine and Kenny Dean at tackles, Ralph

The 1970 PGA championship will be played at the Southern Hills Country Club in Tulsa, Okla.

The 1971 USGA Senior Women's amateur championship will be played at the Sea Island Golf Club, Sea Island, Ga.

Seattle Faces Possible Loss Of AL's Pilots

CHICAGO (AP) — The city of Seattle has been given a little more than a week to meet a three-point ultimatum or face the possibility of losing the Pilots' American League baseball franchise.

The matter came to a head Tuesday when the American League held an informal session following a joint meeting of the National and American Leagues concerning schedules and players' problems.

Binding the situation was Cronin's acknowledgement that the American League will meet again in Chicago Oct. 29 ostensibly to study the 1970 schedule.

However, it was learned that the meeting will be held to find out if Seattle will abide by the three-point ultimatum which is:

1. Sick's Stadium, temporary home of the Pilots, must be enlarged from 22,500 seats to 28,000 by the start of the 1970 season.

2. Plans must be completed for breaking ground for a \$40 million domed stadium by Dec. 31, 1970, and the structure must be ready for opening day of the 1973 season.

3. There must be evidence of enough Seattle financial interest so that Cleveland investor William Daley, who owns more than 50 per cent of the club, can get out and give the Pilots local ownership.

Cronin and six owners met Monday night to hear the plea of a Seattle delegation bent on keeping the club in the Pacific Northwest.

Both the American and National Leagues met jointly Tuesday to hear progress reports on 41 requests from the Players' Association after which Cronin and all American League owners or their representatives convened to discuss the Seattle situation.

Following that meeting, Cronin said he was optimistic that Seattle would meet the requirements to remain in the American League.

Seattle's big job, when it entertains Kent State Saturday night, will be containing the nation's second best rusher, Don Nottingham.

Toledo is in an enviable position. It could lose to Kent, win at Miami and still go to Florida for the Tangerine Bowl in December. In that case, the Rockets would own wins over the other two contenders and earn the trip.

Don't suggest that to Lauterbur. "We start looking by them," he warned, "and we'll have real problems."

Lauterbur realizes the Flashers are always ready for Toledo. Two years ago Kent bowed 14-13 to the Rockets and that was the season Toledo was 9-1 and co-Mid - American champion.

Toledo is entitled to first place, if team categories are any barometer.

The Rockets top the conference in six of eight team departments: Total offense and defense, rushing offense and defense, forward passing and scoring.

Today, the swift cornerback from Little Bishop, Tex., College was named AFL Defensive Player of the Week by The Associated Press.

Miami U And Toledo Feel Pinch

COLUMBUS, Ohio (AP) — Looking ahead is one taboo item this week for Frank Lauterbur and Bill Mallory, not to mention their Toledo and Miami University football squads.

If the two Mid-American Conference unbeaten win Saturday, they will face each other next week for the league title and Tangerine Bowl trip.

The opposition this week is enough to make both coaches squirm.

Miami, a shade behind Toledo in the MAC with a 2-0 mark to the Rockets' 3-0, takes a trip to Bowling Green for the Falcons' homecoming.

Bowling Green, an earlier 27-26 victim of Toledo, still entertains title thoughts. The Falcons are third with a 2-1 record, but will need outside help to earn at least a co-championship.

Toledo's big job, when it entertains Kent State Saturday night, will be containing the nation's second best rusher, Don Nottingham.

San Diego State Seeks Grid Action In Big Time

By RON ROACH
Associated Press Sports Writer

SAN DIEGO (AP) — Ohio State said no, politely. So did Alabama. But this is only the first year as a major college football team for San Diego State. "Ohio State will come around," a fan said.

The Aztecs, to date, are 4-0 and crushing everyone around. In their last 37 games, they've lost once.

Statistically, San Diego State after four games was fourth in the nation in defense, giving up 186.3 yards in the average; was sixth in total offense with 474.0 yards, second in forward passing offense with 312.3 yards and seventh in scoring with 38.8 average.

"To heck with statistics," Coach Don Coryell said Tuesday. "We just want to win ball games. By one point, if necessary."

Coryell's record since coming to San Diego in 1961 from the university of Southern California, where he was backfield coach, is 72-11-2.

Coryell was thinking of one statistical record in particular — touchdown passes caught — which nearly cost the Aztecs victory Saturday night against University of Texas at Arlington.

Quarterback Dennis Shaw was trying to pitch TD pass No. 9 to end Tom Reynolds, another in the line of Aztec receivers that once included Buffalo's

Pat Matson Out Of Bengals Lineup

CINCINNATI (AP) — The Cincinnati Bengals, who suffered several injuries during Sunday's 30-23 loss to Denver, have apparently lost starting guard Pat Matson for the rest of the season. Ironically, he was hurt on a play on which he did not come into contact with anyone.

See No Clear-Cut Favorite In San Francisco Open

SAN FRANCISCO (AP) — Billy Casper is the defending champion and Arnold Palmer the sentimental choice, but a clear cut favorite is hard to find in the \$100,000 San Francisco Open Golf Tournament.

With about 60 winners on the tour already this year and no one dominating the game as Palmer, Casper, Gary Player and Jack Nicklaus have done in recent years, a flock of young lions must be among the top choices.

They include Ray Floyd, the controversial PGA champion and winner of three events; outspoken Dave Hill, the only other three-time winner this year; steady Frank Beard, the year's leading money winner; and possibly slim Dale Douglass, who has played very well in recent events.

Palmer, however, is almost certain to be the gallery favorite.

ite. The 40-year-old millionaire is on a comeback from a two-month absence from the game that he, more than any other man, made a popular favorite.

He hasn't won in more than a year and had a disappointing last start in his comeback in the Sahara Invitational last week, finishing far back in the field. But the old crowd-appeal magic still exists.

Nicklaus, winner of the Sahara, is taking a week off. "I haven't been home in four weeks, and that's too long," big Jack said after his victory in Las Vegas.

Also among the missing are Lee Trevino and Orville Moody, who teamed to win the World Cup for the United States a few weeks ago. Both are on tour in the Far East. Player is through for the year.

George Archer, the Masters champion who had to pull out

of the Sahara because of continuing tendonitis in his left elbow, is a question mark. If he's able to play, the 6-foot-6 Archer must be rated among the favorites because of his familiarity with the Harding Park course.

Other top candidates include British Open champion Tony Jacklin, lefty Bob Charles of New Zealand, and possibly even Ted Hayes, the rookie from Atlanta who has made a strong showing in his first two tour events.

The tournament, being played under the San Francisco Open Label for the first time, replaces the Lucky International on the tour schedule. It's under new sponsorship.

The site is the 6,677-yard par 71 Harding Park golf course, a heavily played municipal layout on the shore of Lake Merced, one of the more testing municipal courses in the area.

Camaro Clinches NASCAR Grand Touring Division Title

By BLOYS BRITT
AP Auto Racing Writer

NEW YORK (AP) — The General Motors Camaro has wrapped up its second manufacturer's trophy of the 1969 auto racing season, this one in NASCAR's Grand Touring division.

Paced by young Pete Hamilton's 10 victories in the first 31 races, Camaro complied almost as many points as Cougar, Mustang, Javelin and other makes combined. While Javelin was represented by factory equipment, Mustang and Cougar were not.

Camaro earlier had clinched the Sports Car Club of America's Trans-American sedan title with drivers Mark Donohue and Ron Bucknum dominating. GM also has been awarded the 1969 manufacturer's trophy in the National Hot Rod Association stock eliminator categories.

Alex Umann, pioneer of the 12-hour race at Sebring, Fla., told New York Writers, the 1971 event will be the last one on the famed Sebring airport circuit.

Heavy Ohio Grid Schedule Slated

COLUMBUS, Ohio (AP) — Passing will be the name of the game when Baldwin Wallace and host Wittenberg battle Saturday in an Ohio Conference football title bearing contest.

Wittenberg (2-0) and Baldwin-Wallace (2-0) are running two - three in the OC behind Ohio Wesleyan (3-0-0), which plays outside the conference at Wabash Saturday.

"Wittenberg is definitely the quickest team we've seen, in person or scouting," Tressel advised. "They have a real good passing game and their running has improved lately."

Maurer's main concern is controlling the high octane B-W offense, the No. 1 attack in the conference. The Yellow Jackets are averaging 428.4 total yards and leading the OC scoring with 117 points.

Mike Blake has passed for 10 B-W touchdowns and owns 84 passing yards with 56 of 104

San Diego State Seeks Grid Action In Big Time

By RON ROACH
Associated Press Sports Writer

SAN DIEGO (AP) — Ohio State said no, politely. So did Alabama. But this is only the first year as a major college football team for San Diego State. "Ohio State will come around," a fan said.

The Aztecs, to date, are 4-0 and crushing everyone around.

In their last 37 games, they've lost once.

Statistically, San Diego State after four games was fourth in the nation in defense, giving up 186.3 yards in the average; was sixth in total offense with 474.0 yards, second in forward passing offense with 312.3 yards and seventh in scoring with 38.8 average.

"To heck with statistics," Coach Don Coryell said Tuesday. "We just want to win ball games. By one point, if necessary."

Coryell's record since coming to San Diego in 1961 from the University of Southern California, where he was backfield coach, is 72-11-2.

Coryell was thinking of one statistical record in particular—touchdown passes caught—which nearly cost the Aztecs victory Saturday night against University of Texas at Arlington.

Quarterback Dennis Shaw was trying to pitch TD pass No. 9 to end Tom Reynolds, another in the line of Aztec receivers that once included Buffalo's Pat Matson.

CINCINNATI (AP) — The Cincinnati Bengals, who suffered several injuries during Sunday's 30-23 loss to Denver, have apparently lost starting guard Pat Matson for the rest of the season. Ironically, he was hurt on a play on which he did not come into contact with anyone.

See No Clear - Cut Favorite In San Francisco Open

SAN FRANCISCO (AP) — Billy Casper is the defending champion and Arnold Palmer the sentimental choice, but a clear cut favorite is hard to find in the \$100,000 San Francisco Open Golf Tournament.

With about 60 winners on the tour already this year and no one dominating the game as Palmer, Casper, Gary Player and Jack Nicklaus have done in recent years, a flock of young lions must be among the top choices.

They include Ray Floyd, the controversial PGA champion and winner of three events; outspoken Dave Hill, the only other three-time winner this year; steady Frank Beard, the year's leading money winner; and possibly slim Dale Douglass, who has played very well in recent events.

Palmer, however, is almost certain to be the gallery favorite.

Bench, Seaver Head AP All-Star Team

By MIKE BRYSON
Associated Press Sports Writer

NEW YORK (AP) — Johnny Bench of the Cincinnati Reds and Tom Seaver of New York's world champion Mets head The Associated Press' all-star major league baseball team announced today.

The 21-year-old Bench, who hit .293 with 20 homers and 90 runs batted in in his second full season in the majors, was the top vote-getter, attracting 264 in the nation-wide balloting by 283 sports writers and broadcasters.

Seaver, the smooth right-hander whose 25-7 record was the best in the majors and whose exuberance and zest played a big role in the Mets miracle, was next with 237 votes.

He was the only member of the world champions to make either the first or second team.

In fact, Cincinnati was the only team to land two players on the first team—outfielder

Pete Rose, who led the National League with a .348 average, was the Reds' other representative.

Others on the first team were Willie McCovey of the San Francisco Giants at first, Rod Carew of Minnesota at second, Rico Petrocelli of Boston at short stop, Ron Santo of the Chicago Cubs at third, outfielders Hank Aaron of Atlanta and Frank

Howard of Washington and left-handed pitcher Mike Cuellar of Baltimore's American League champs.

Bench was an overwhelming choice as catcher. The young slugger's nearest rival, Bill Freehan of Detroit, drew only eight votes.

Seaver similarly was a solid choice as the right-handed

pitcher, drawing 211 votes more than runnerup Denny McLain of Detroit, the 31-game winner of 1968 who was 24-9 last season.

Carew, who led the American League with a .322 average, beat out Glenn Beckert of the Cubs as the second baseman, 217 votes to 42.

Petrocelli, who hit .297 with 40 homers and 96 RBI, also had a

comfortable margin over another Cub, Don Kessinger, at short —234 votes to 40.

Aaron, who helped the Braves to the NL West title with a .299 average, 44 homers and 96 RBI, led the outfield balloting with 221.

Rose was next with 186 while Howard, who had his greatest year with 48 homers, 111 RBI and a .296 average, had 112.

The three runners-up were Frank Robinson of Baltimore (.308), Roberto Clemente of Pittsburgh (.345) and Reggie Jackson of Oakland (.276), who led the AL in homers much of the season before being sidelined late in the campaign and finishing with 47.

Jackson edged out Cleon Jones of the Mets for final outfield spot on the second team by just three votes.

Because of some vote splitting, Harmon Killebrew of Minnesota wound up as both the first and third baseman of the second team.

Logan Elm Homecoming; Mustangs, Vikings Away

Teays Valley will travel to Canal Winchester Friday for an encounter with the rugged Indians.

Winchester has been improving each week and could be at their peak Friday night. They started the season with an inexperienced ball club but have come along in good shape.

"They are a team that will use five or six defenses," Viking Coach Dick Kidwell stated, "trying to confuse the offense and they have shown good results with it."

"Good power inside the tackles gives them a strong running game," Kidwell said, "and their quarterback has good speed to the outside. They can move the ball and it takes a good defense to contain them."

"We moved the ball against Franklin," Kidwell offered, "but couldn't get the breaks. Our offense is solid and should be ready for the Indians. Using

both Champ Henson and Ron Crosby at fullback gives us power and quickness."

"We have been satisfied with our defense as they have given us a good game every week," said Kidwell, "and expect another good showing this Friday."

Crosby still has a gimpy leg but should be ready for the Indians. The injury list has dwindled and the Vikings should be at full strength.

Teays Valley's offensive unit will be: John Tucker and Jeff Helsar at the ends, Mike Mapes and Don Stir, tackles, Chuck Frazier and Rob Archer, guards, Mike Schiff at center, Stan Clay, quarterback, Champ Henson or Ron Crosby at fullback, Bob Tucker, tailback and Dan Hicks, halfback.

On defense the Vikings will go with: Henson and Tucker, ends, Stir and Jack Brinker, tackles, Bob Straight, middle guard, Bob Cluff and Chuck Jackson, linebackers, Jeff Helsar, rover back, Steve Hines and Ron Bell, halfbacks and Ed McCord, safety.

It's homecoming for the Braves. The Adena Warriors will provide tough opposition for the LE gridders.

Miami U And Toledo Feel Pinch

COLUMBUS, Ohio (AP) — Looking ahead is one taboo item this week for Frank Lauterbur and Bill Mallory, not to mention their Toledo and Miami University football squads.

If the two Mid-American Conference unbeaten win Saturday, they will face each other next week for the league title and Tangerine Bowl trip.

The opposition this week is enough to make both coaches squirm.

Miami, a shade behind Toledo in the MAC with a 2-0 mark to the Rockets' 3-0, takes a trip to Bowling Green for the Falcons' homecoming.

Bowling Green, an earlier 27-26 victim of Toledo, still entertains title thoughts. The Falcons are third with a 2-1 record, but will need outside help to earn at least a co-championship.

Toledo's big job, when it entertains Kent State Saturday night, will be containing the nation's second best rusher, Don Nottingham.

Toledo is in an enviable position. It could lose to Kent, win at Miami and still go to Florida for the Tangerine Bowl in December. In that case, the Rockets would own wins over the other two contenders and earn the trip.

Don't suggest that to Lauterbur. "We start looking by them," he warned, "and we'll have real problems."

Lauterbur realizes the Flashers are always ready for Toledo. Two years ago Kent bowed 14-13 to the Rockets and that was the season Toledo was 9-1 and co-Mid-American champion.

Toledo is entitled to first place, if team categories are any barometer.

The Rockets top the conference in six of eight team departments: Total offense and defense, rushing offense and defense, forward passing and scoring.

The 1970 PGA championship will be played at the Southern Hills Country Club in Tulsa, Okla.

The 1971 USGA Senior Women's amateur championship will be played at the Sea Island Golf Club, Sea Island, Ga.

Seattle Faces Possible Loss Of AL's Pilots

CHICAGO (AP) — The city of Seattle has been given a little more than a week to meet a three-point ultimatum or face the possibility of losing the Pilots' American League baseball franchise.

The matter came to a head Tuesday when the American League held an informal session following a joint meeting of the National and American Leagues concerning schedules and players' problems.

Binding the situation was Cronin's acknowledgment that the American League will meet again in Chicago Oct. 29 ostensibly to study the 1970 schedule.

However, it was learned that the meeting will be held to find out if Seattle will abide by a three-point ultimatum which is: 1. Sick's Stadium, temporary home of the Pilots, must be enlarged from 22,500 seats to 28,000 by the start of the 1970 season.

2. Plans must be completed for breaking ground for a \$40 million domed stadium by Dec. 31, 1970, and the structure must be ready for opening day of the 1973 season.

3. There must be evidence of enough Seattle financial interest so that Cleveland investor William Daley, who owns more than 50 per cent of the club, can get out and give the Pilots local ownership.

Cronin and six owners met Monday night to hear the plea of a Seattle delegation bent on keeping the club in the Pacific Northwest.

Both the American and National Leagues met jointly Tuesday to hear progress reports on 41 requests from the Players' Association after which Cronin and all American League owners or their representatives convened to discuss the Seattle situation.

Following that meeting, Cronin said he was optimistic that Seattle would meet the requirements to remain in the American League.

Name Emmitt Thomas Player Of The Week

NEW YORK (AP) — Emmitt Thomas, the pied piper of Kansas City's gifted defensive backfield, stops the music when anyone wanders into his corner.

Thomas, a four-year pro who plays the clarinet for pleasure and duels American Football League pass-catchers for pay, came up with two key interceptions and a fumble recovery last Sunday as the Chiefs subdued Miami 17-10 for their fifth victory in six games.

Today, the swift cornerback from Little Bishop, Tex., College was named AFL Defensive Player of the Week by The Associated Press.

Camaro Clinches NASCAR Grand Touring Division Title

By BLOYS BRITT
AP Auto Racing Writer

NEW YORK (AP) — The General Motors Camaro has wrapped up its second manufacturer's trophy of the 1969 auto racing season, this one in NASCAR's Grand Touring division.

Paced by young Pete Hamilton's 10 victories in the first 31 races, Camaro compiled almost as many points as Cougar, Mustang, Javelin and other makes combined. While Javelin was represented by factory equipment, Mustang and Cougar were not.

Camaro earlier had clinched the Sports Car Club of America's Trans-American sedan title with drivers Mark Donohue and Ron Bucknum dominating. GM also has been awarded the 1969 manufacturer's trophy in the National Hot Rod Association stock eliminator categories.

Alex Uhlmann, pioneer of the 12-hour race at Sebring, Fla., told New York Writers, the 1971 event will be the last one on the famed Sebring airport circuit.

Uhlmann said he will build a new circuit on a 700-acre tract near the airport and have it ready for the 1972 event.

Uhlmann, incidentally, has sole sponsorship of his Dec. 28 Continental Formula A race to a cigarette company. The SCCA Formula A title will be decided in this race.

Bruce McLaren, whose McLaren M8B sports-racing cars dominated the Can-Am series the last two years, will build 50 open cockpit Formula 5000 and Formula A cars for the British and American circuits in 1970. They'll retail in the U. S. for \$11,400 less engine. First of the new models are expected in this country in time for the SCCA Continental championship race at Sebring, Fla., Dec. 28.

Kevin Brennan, sophomore fullback from Chicago, plays for the Air Force Academy football team. His brother Terry is an offensive tackle for Notre Dame.

(Amended Senate Joint Resolution No. 1)

JOINT RESOLUTION

Proposing to amend section 1 of Article V of the Constitution of the State of Ohio to lower the voting age from twenty-one to sixteen years.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be held on the first Tuesday after the first Monday in November, 1969, a proposal to amend section 1 of Article V of the Constitution of the State of Ohio to read as follows:

ARTICLE V
Sec. 1. Every citizen of the United States, of the age of sixteen years, who shall have been a resident of the state one year next preceding the election, and of the county, township, or ward, in which he resides, such time as may be provided by law, shall have the qualifications of an elector, and be entitled to vote at all elections.

Every citizen of the United States being nineteen years of age who is not entitled to vote at all elections shall be entitled to vote for the choice of electors for President and Vice President of the United States, if he shall have been a resident of the state, county, township or ward in which he resides, such time as may be provided by law, and be entitled to vote for the choice of electors for President and Vice President of the United States in any other state.

EFFECTIVE DATE AND REPEAL
If adopted by a majority of the electors voting on this amendment, the amendment shall take effect January 1, 1970, and existing section 1 of Article V of the Constitution of Ohio shall be repealed from such effective date.

(House Joint Resolution No. 26)

JOINT RESOLUTION

Proposing to amend Section 18 of Article III and Section 2 of Article XVII of the Constitution of the State of Ohio to provide for the elimination of the short term election of state officers to fill a vacancy where the remaining term of office is less than one year.

Be it resolved by the General Assembly of the State of Ohio, three-fifths of the members elected to each house concurring therein, that there shall be submitted to the electors of the state in the manner prescribed by law at the general election to be held on the first Tuesday after the first Monday in November, 1969, a proposal to amend Section 18 of Article III and Section 2 of Article XVII of the Constitution of Ohio to read as follows:

ARTICLE III
Section 18. Should the office of Auditor of State, Treasurer of State, Secretary of State, or Attorney General become vacant, for any of the causes specified in the fifteenth section of this article, the Governor shall fill the vacancy until the disability is removed, or a successor elected and qualified. Such successor shall be elected for the unexpired term of the vacant office at the first general election in an even numbered year that occurs more than forty days after the vacancy has occurred; provided, that when the unexpired term ends within one year immediately following the date of such general election, an election to fill such unexpired term shall not be held and the appointment shall be for such unexpired term.

ARTICLE XVII
Section 2. The term of the office of the Governor, Lieutenant Governor, Attorney General, Secretary of State, Treasurer of State and the Auditor of State shall be four years commencing on the second Monday of January, 1969. The Auditor of State shall hold his office for a term of two years from the second Monday of January, 1961 to the second Monday of January, 1963 and thereafter shall hold this office for a four year term. The term of office of judges of the Supreme Court and Courts of Appeals shall be not less than six years as may be prescribed by the General Assembly; and that of the Judges of the Probate Court, six years, and that of other Judges shall be such even number of years not exceeding six years as may be prescribed by the General Assembly. The term of office of the Justices of Peace shall be such even number of years not exceeding four years, as may be

COLUMBUS, Ohio (AP) — A former fullback now linebacking and a quarterback who lost his job, both from Miami University, are the Mid-American Conference football players of the week.

Kent Thompson came off the bench midway in the first quarter to pass for 178 yards and three touchdowns, keeping the Redskins in contention for the Mid-American title Saturday with a 24-21 win over Ohio University.

Don Wade, a 212-pounder who came to Miami as a fullback, was credited with eight solo tackles and assisted in 10 more. He caused one fumble and recovered another to stop a Bobcat drive in the last four minutes.

NEW YORK (AP) — The Dallas Cowboys, rolling along with a perfect record through five games, top the National Football League team statistics in total offense, rushing offense and rushing defense.

The Cowboys also have scored the most points, 156 and have secured the most touchdowns, 21. Coach Tom Landry's Dallas club has given up only seven touchdowns, the same number as the Minnesota Vikings have allowed.

NEW YORK (AP) — Denver's Floyd Little, rolling up more than 100 rushing yards for the third time this year, has taken the lead in the American Football League's ground-gaining sweepstakes.

Little, plagued by injuries in his first two pro seasons, broke loose for 166 yards, a club record, in the Broncos' 30-23 victory over Cincinnati last Sunday and shot to a commanding lead over runner-up Dickie Post of San Diego in the individual rushing race.

Things have never been so good for the New York Knicks and it looks as if they've never been so bad for the Boston Celtics.

The Knicks, an experienced, balanced scoring machine, mauled the outclassed Phoenix Suns 140-116 in the National Basketball Association Tuesday night for their fifth consecutive victory without a loss, their best start in history.

The Celtics, on the other hand, playing without retired Bill Russell who led them to 11 world titles in 13 seasons, have yet to win a game in three tries for new coach Tom Heinsohn after the Detroit Pistons rallied for a 98-97 victory.

Add as much as \$10,400.00 to your health protection for only 25¢

★ Pays you extra cash at the rate of \$100.00 a week for as long as 104 weeks...for each hospital stay. ★ Guaranteed renewable for life. At last—a hospital plan that guarantees never to cancel your protection no matter how old you get or how many claims you make ★ Pays all cash direct to you (not to the doctor or hospital) ★ Pays in addition to any other companies' coverage you have—including Medicare ★ No age limit—no medical examination required ★ No salesman will call

Just 25¢ enrolls your entire family for the first month

ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT THURSDAY, OCTOBER 23, OR IT CANNOT BE ACCEPTED

ONE out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have doubled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept on going the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Hospital Plan that...

Pays you \$100.00-a-week tax-free cash whenever you are hospitalized.

What a blessing it is when you know you have an extra \$100.00 cash coming in every week—beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Your special low price is just 25¢ for the first month's coverage for your entire family. Then continue at regular low Presidential rates.

The added protection you NEED!

All benefits of this Presidential \$100.00-A-WEEK Hospital Plan are paid directly to you, in tax-free cash, in addition to whatever you may receive from your insurance with any other company! Spend the money as you see fit—for hospital or doctor bills, mortgage payments, to replace savings—or any necessary but costly extras not covered fully by usual hospital policies.

You get your \$100.00 per week—TAX-FREE—from your first day in the hospital, and as long as you are confined there, even for 104 weeks, if necessary. And, when you and your insured spouse are hospitalized at the same time for an accidental injury, Presidential pays out an EXTRAORDINARY DOUBLE-CASH BENEFIT. You receive not \$100.00, but \$200.00 a week. Your spouse receives not \$100.00, but \$200.00 a week. That's \$400.00 in all, in cash payments to you every week while you both remain in the hospital...even for as long as 2 whole years.

We can never cancel your policy!

You can count on Presidential's generous protection no matter how old you get or how many times you collect from us. It is written into your policy that we cannot cancel your protection after you've made a lot of claims, or become old—or both. It is GUARANTEED RENEWABLE FOR LIFE!

And that's not all. Suppose you have a growing family—this special Presidential Plan (HP35L-868)...

- PAYS** up to \$10,400.00 CASH for each accident or illness, starting the very first day in the hospital.
- PAYS** up to \$10,010.00 CASH if you're 65 or over—at the rate of \$70.00 A WEEK for first 13 weeks, and a full \$100.00 weekly while you remain in the hospital thereafter, (for 91 more weeks if necessary)...in addition to whatever benefits you receive from Medicare.
- PAYS** up to \$41,600.00 CASH when both husband and wife are hospitalized at same time for accidental injury, for as long as both remain in the hospital—at the rate of \$400.00 A WEEK.
- PAYS** up to \$2,000.00 CASH for complete accidental loss of limbs or eyesight.
- PAYS** \$100.00-A-WEEK CASH for each pregnancy requiring a hospital stay, when both husband and wife are insured for the entire pregnancy and have Coverage for Children and Maternity Benefits.
- PAYS** up to \$6,240.00 at the rate of \$60.00 A WEEK when a child goes to the hospital for any accident or illness (when Coverage for Children has been added to the basic plan).

65 OR OVER? YOU COLLECT UP TO \$10,010.00 CASH IN ADDITION TO MEDICARE BENEFITS

We have designed this plan as the important addition to whatever is paid by Medicare—or health insurance you may have in any other companies. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to what is paid by Medicare, Presidential pays you \$70.00 a week for first 13 weeks, and a full \$100.00 weekly while hospitalized thereafter...for an additional 91 weeks if necessary! You can receive as much as \$10,010.00 for each new illness or injury when hospitalized!

Pays you \$100.00-a-week cash maternity benefits!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to help buy all the things you need for the new baby? Now, if both husband and wife are insured for the entire pregnancy and have added Coverage for Children and Maternity Benefits, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—as long as necessary—you get \$100.00 a week for every day of your confinement.

All these added cash benefits.

Added cash benefits: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs any time within 90 days of the accident. Nothing can replace such a loss, but a check for \$1,000.00 or \$2,000.00 brings peace of mind during the period of adjustment.

Added cash benefits: Choose Coverage for Children (with or without Maternity Benefits) and all your dependent, unmarried children from ages one month through 18 years will be covered, too! Presidential pays up to \$6,240.00, at the rate of \$60.00 a week, when your youngster is hospitalized...for removal of tonsils, appendix or any other illness or injury. Yes, you will receive \$60.00 a week cash, week after week while the child is in the hospital, even for as many as 104 weeks!

We pay your premiums when you are not able.

If you—the person to whom the basic policy is issued—are hospitalized just 8 weeks or more, all premiums for you and all Covered Members that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 180 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL—for as long as 104 weeks—for the total confinement! This means you pay no premiums, yet your full protection remains in force—you collect a maximum of \$10,400.00 for the confinement!

These are the ONLY exclusions!

Your Presidential Policy covers every conceivable kind of sickness or accident except conditions caused by: war or any act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your Policy...during the first 2 years only.

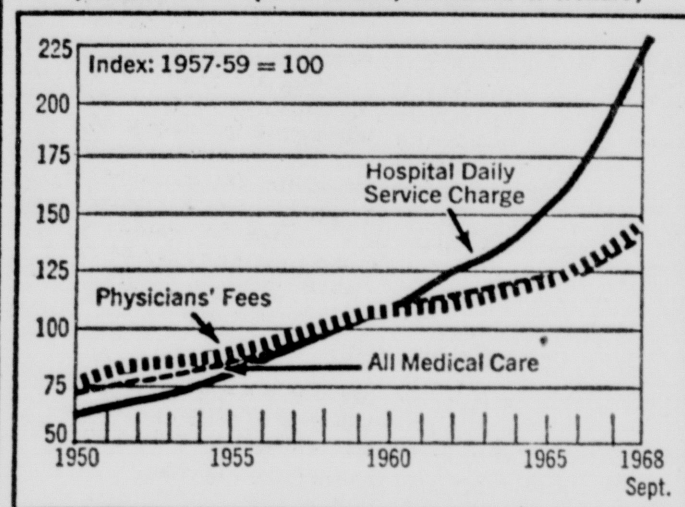

This last item is a real help if you already have a health problem. If you are sick before you take out this Policy, you will even be covered for that condition after the Policy has been in effect for 2 years. Meanwhile, of course, every new condition is covered immediately! You are covered for care in the hospital of your choice, except, of course, a U.S. Government hospital or nursing or convalescent facility.

Why you must act before the date shown on your Enrollment Form—Just a few days from today.

Why do we give you so little time to apply for your insurance policy—only a few days? Because this is a special Enrollment

Medical Costs Skyrocketing!

(Source: U.S. Dept. of Health, Education & Welfare)

Govt. figures reveal your present health protection... may no longer protect you against today's rising medical costs! Don't leave your loved ones defenseless! Act at once to add coverage that provides to a maximum of \$10,400.00 health protection for only 25¢ for the first month for entire family.

Period—and we must receive your Enrollment Form the same time as all the others in order to pass on to you the savings that come from processing many policies at one time. This highly efficient "Mass Enrollment" method cuts costs to the bone—and the savings are passed on to you!

We mail you the Policy as soon as we receive your Enrollment Form. When the Policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then—show it, if you wish, to someone you trust. Perhaps your lawyer, accountant, or doctor. Better still—show it to your own insurance man...even though he may very well be working for another company! If he is a personal friend, he has your best interests in mind. So you can believe him when he tells you there is no better bargain available anywhere—at any price!

GRATEFUL POLICYOWNERS WRITE...

"Let me say the full payment as per the policy was most gratifying. There was doubt in our minds for some time especially where we started with only a first payment of 25¢, but that doubt now has been completely erased. The settlement definitely was in full payment for the time in the hospital and our sincere thanks for the check!"

LETHA SCHRECKENGAST, Cedar Rapids, Iowa

"Just a few words to thank you for the prompt manner in which you settled my claim. I certainly will recommend Presidential Life Ins. to my friends."

MRS. SYLVIA LEVIN, Los Angeles, California

Presidential Life rated "A+ Excellent"

Dunne's Insurance Report, the world's largest reporting service, gives Presidential a rating of A+ EXCELLENT. There is no higher rating a company can attain!

Money-Back Guarantee—in case you change your mind.

Even after you mail your Enrollment Form below...even after you examine the Policy in your own home and talk it over with anyone you wish...even after all this you are still free to return the Policy within 15 days of the date you receive it, and your quarter will be refunded at once. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by \$100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be covered all this time for any accident or illness which puts you in the hospital, even if you finally decide to return the Policy.

However, after you've seen the Policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this \$100.00-A-WEEK extra cash protection.

HERE ARE YOUR LOW RATES—

The following rate chart shows how little it costs after the first month to cover yourself, your spouse, and any adult dependents. Naturally, at these low rates, we can issue only one policy of this type per person. Each adult—16 or over—pays (per person) the rate shown for his or her age.

Age at Enrollment	Monthly Premium Per Adult
16-44	only \$3.45
45-49	only \$3.95
50-54	only \$4.45
55-59	only \$4.95
60-69	only \$5.95
70-74	only \$6.95
75 and over	only \$8.95

Only \$2 more covers all your dependent, unmarried children...

from the ages of one month through 18 years. And then, if you wish, just add \$1 more to that, and you're covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month—at no additional cost!

NOTE: The regular Monthly Premium shown here (for age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next! Once you have enrolled in this Presidential plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state!

Act NOW—"Later" May Be TOO Late! Just 25¢ covers your whole family for the first month.

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before anything unexpected happens.

THESE 19 QUESTIONS AND ANSWERS

Tell us how Presidential's EXTRA CASH HOSPITAL PLAN gives you the protection you need—at amazingly low cost!

- How much will my Policy pay me when I go to the hospital?**
\$100.00 per week—to the full maximum of \$10,400.00 cash. (If you're over 65, you collect to a maximum of \$10,010.00 cash benefits on top of any Medicare benefits. \$70.00 a week for first 13 weeks, and \$100.00 weekly while you remain continuously hospitalized afterwards, for a maximum of 91 additional weeks!) You collect cash not just for yourself, but for all covered members of your family when they are hospitalized!
- When do I collect \$2,000.00 extra cash for accidents?**
We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes—even if the loss occurs as long as 3 months after the accident.
- What if I am hospitalized by the same illness—again?**
You still collect your \$100.00-a-week extra cash to the full maximum of \$10,400.00. You need only to have resumed full normal activities for just 180 days—then if you are hospitalized for the same illness you begin to collect all over again.
- If I receive more money than my total medical bills—do I keep the "extra cash"?**
You certainly do! We always pay you the full \$100.00 a week—all the way to the maximum of \$10,400.00 cash. And even if your bills add up to just part of that amount, you still keep every dollar of the extra cash—tax-free! That's why this Policy's called an extra cash plan. It's perfectly possible under this plan for you to come out of the hospital with extra dollars you can use for bills, rent or anything else. And if you already have some health or hospital insurance—all the better for you. Because we pay you anyway, on top of what they pay you! On top of Blue Cross, Major Medical, Workmen's Compensation, or whatever insurance policies you have with other companies!
- Will you pay me \$100.00-a-week cash—even for pregnancy?**
Yes! Many health plans don't cover pregnancy. But we do, when Coverage for Children and Maternity Benefits are added to the basic plan. You collect maximum cash benefits of \$10,400.00—for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this plan for entire pregnancy period.)
- Do you pay me cash even for my children, too? And...for my "future" children?**
You collect \$60.00-a-week cash anytime your child goes to the hospital, when Coverage for Children is added to basic plan. A maximum of \$6,240.00 each time any dependent, unmarried child (ages 1 month through 18 years old) is in the hospital for sickness or injury. And if you have a growing family—as soon as your newborn child's one month old, he too is covered—automatically...at no additional cost to you.
- Are there times I might collect as much as \$20,800.00...as much as \$41,600.00?**
There are! Remember, we pay cash not just for you, but for every covered member of your family. So if you or your spouse are hospitalized more than once...or even both of you more than once...or if a child gets an accident—an accident you could end up collecting \$20,800.00 or more! And that's not the whole story. Presidential gives policyowners an EXTRAORDINARY DOUBLE-CASH BENEFIT. If you and your spouse are both in an accident and go to the hospital at the same time...Presidential pays you \$400.00-a-week tax-free cash. This amount is paid for as long as both of you remain in the hospital. Even for as long as 104 weeks! You receive up to a maximum of \$41,600.00—to pay for doctor and hospital bills and other expenses resulting from one accident alone!
- Can I spend my cash benefits any way I please?**
Yes! Spend the money any way you choose. Use it to pay your hospital, doctor and nursing bills. Use it to pay for rent, food, clothing. Or put it in the bank to replace any savings spent during your hospitalization. All cash comes direct to you (not to doctor or hospital unless you request it) so you alone decide how it is to be spent!
- Must I pay taxes on the money you send me?**
Certainly NOT! Every dollar we send you is 100% tax-free.
- Am I ever allowed to stop paying premiums during a long stay in the hospital—yet still remain fully covered?**
Yes, you are! All premiums that come due after you—the person to whom the basic Policy is issued—are in the hospital just 8 weeks or more...do not have to be paid by you! Yes, even if you are in for months, a year or longer! We pay all premiums for you, and for all covered members of your family, too, while you remain hospitalized. You aren't expected to pay us back either.
- How can you give me so much—for so little?**
Because you buy your Policy directly from the company. You don't deal through middlemen. You eliminate costly processing charges and "red tape" that are included in the cost of most insurance. That's the reason why Presidential can provide you with exceptional high-savings health insurance protection, including a full month's coverage for your family for only 25¢!
- How do I go about submitting a claim?**
We invite you to contact CASH BENEFITS HEADQUARTERS direct. Whether you want to submit a claim, or just ask us a question, don't hesitate to write us. As a Presidential policyowner, you are entitled to prompt, courteous and direct attention at all times...and you will get it.
- Because Presidential costs less...do I get less protection?**
Absolutely not! You get more! \$100.00 weekly cash payments for a maximum of 2 years for each hospital stay. And that goes for all covered members of your family. Yet all you pay to put this Policy in force for one month is...25¢. And if you want, continue this protection afterwards at the regular low Presidential rate! That's why we urge you—for your own satisfaction—compare these big cash benefits with any comparable policy issued by any other insurance company...anywhere. Naturally, at these low rates, we can issue only one policy of this type per person.
- Now tell me what's the "catch"—what doesn't my Policy cover?**
Get ready for a welcome surprise. Your Policy covers everything except conditions caused by: war or any act of war; mental disease or disorder; pregnancy except as provided under the Maternity Benefit provision; and any sickness or injury you had before the Effective Date of your policy—but even this last "exclusion" is done away with after you've been a policyowner for only two years. Everything else is definitely covered. You are covered for care in the hospital of your choice, except, of course, a U.S. Government hospital or nursing or convalescent facility.
- Will you cancel my Policy if I make too many claims? Or because of age?**
No positively not! Only you can cancel. The company cannot—no matter how many claims you have...how old you get or for any other reason whatsoever. A GUARANTEED RENEWABLE FOR LIFE clause has been written into your Policy.
- If I'm hospitalized less than a week—do you still pay in full?**
Yes! We pay you every day you're in the hospital. There's no "waiting period" before you start collecting.
- What are the requirements to enroll in this Extra Cash Hospital Plan?**
You must not have been refused or had cancelled any health, hospital or life insurance due to reasons of health; you must qualify during this Enrollment Period—you must enroll before midnight of the date shown in the Enrollment Form.
- Besides saving money—are there any other advantages of joining Presidential during the Enrollment Period?**
Yes. A very important one is that you don't need to complete a lengthy, detailed application—just the brief Enrollment Form in the corner of this page. Also during this Enrollment Period there are no extra requirements for eligibility, and no "waivers" or restrictive endorsements can be put on your Policy!
- How do I enroll?**
Fill out the brief Enrollment Form and mail it with just 25¢ for the first month's protection for your entire family. Mail to: The Presidential Life Insurance Company of America, 11401 Roosevelt Blvd., Philadelphia, Pa. 19154.

Add as much as \$10,400.00 to your health protection for only 25¢

★ Pays you extra cash at the rate of \$100.00 a week for as long as 104 weeks...for each hospital stay. ★ Guaranteed renewable for life. At last—a hospital plan that guarantees never to cancel your protection no matter how old you get or how many claims you make ★ Pays all cash direct to you (not to the doctor or hospital) ★ Pays in addition to any other companies' coverage you have—including Medicare ★ No age limit—no medical examination required ★ No salesman will call

Just 25¢ enrolls your entire family for the first month
ACT NOW—YOUR ENROLLMENT FORM MUST BE MAILED BY MIDNIGHT THURSDAY, OCTOBER 23, OR IT CANNOT BE ACCEPTED

ONE out of two families will have someone in the hospital this year! It could be you—or some beloved member of your family tomorrow...next week...next month. Sad to say, very few families have anywhere near enough coverage to meet today's soaring hospital costs. These costs have doubled in just a few short years. They are expected to double again in the few years ahead.

Stop for a moment. Think how much a long stay in the hospital will cost you or a loved one. How would you ever pay for costly, but necessary, X-rays, doctor bills, drugs and medicines? What would you do if your pay check stopped, but living expenses kept on going the same as ever? The same rent, phone, food, all the day-to-day expenses that never stop.

What is the average breadwinner to do? We believe we have the answer in the famous Presidential Extra Cash Hospital Plan that...

Pays you \$100.00-a-week tax-free cash whenever you are hospitalized.

What a blessing it is when you know you have an extra \$100.00 cash coming in every week—beginning the very first day you enter the hospital.

Now, Presidential's economy plan enables you to enjoy this protection at once. Your special low price is just 25¢ for the first month's coverage for your entire family. Then continue at regular low Presidential rates.

The added protection you NEED!

All benefits of this Presidential \$100.00-A-WEEK Hospital Plan are paid directly to you, in tax-free cash, in addition to whatever you may receive from your insurance with any other company! Spend the money as you see fit—for hospital or doctor bills, mortgage payments, to replace savings—or any necessary but costly extras not covered fully by usual hospital policies.

You get your \$100.00 per week—TAX-FREE—from your first day in the hospital, and as long as you are confined there, even for 104 weeks, if necessary. And, when you and your insured spouse are hospitalized at the same time for an accidental injury, Presidential pays out an EXTRAORDINARY DOUBLE-CASH BENEFIT. You receive not \$100.00, but \$200.00 a week. Your spouse receives not \$100.00, but \$200.00 a week. That's \$400.00 in all, in cash payments to you every week while you both remain in the hospital...even for as long as 2 whole years.

We can never cancel your policy!

You can count on Presidential's generous protection no matter how old you get or how many times you collect from us. It is written into your policy that we cannot cancel your protection after you've made a lot of claims, or become old—or both. It is **GUARANTEED RENEWABLE FOR LIFE!**

And that's not all. Suppose you have a growing family—this special Presidential Plan (HP35L-868)...

PAYS up to \$10,400.00 CASH for each accident or illness, starting the very first day in the hospital.

PAYS up to \$10,010.00 CASH if you're 65 or over—at the rate of \$70.00 A WEEK for first 13 weeks, and a full \$100.00 weekly while you remain in the hospital thereafter, (for 91 more weeks if necessary)...in addition to whatever benefits you receive from Medicare.

PAYS up to \$41,600.00 CASH when both husband and wife are hospitalized at same time for accidental injury, for as long as both remain in the hospital—at the rate of \$400.00 A WEEK.

PAYS up to \$2,000.00 CASH for complete accidental loss of limbs or eyesight.

PAYS \$100.00-A-WEEK CASH for each pregnancy requiring a hospital stay, when both husband and wife are insured for the entire pregnancy and have Coverage for Children and Maternity Benefits.

PAYS up to \$6,240.00 at the rate of \$60.00 A WEEK when a child goes to the hospital for any accident or illness (when Coverage for Children has been added to the basic plan).

65 OR OVER? YOU COLLECT UP TO \$10,010.00 CASH IN ADDITION TO MEDICARE BENEFITS

We have designed this plan as the important addition to whatever is paid by Medicare—or health insurance you may have in any other companies. Remember, all checks will be sent directly to you (not to the doctor or hospital), to give you that "extra" help just when you need it most. Use the tax-free cash any way you see fit. And you will be glad to know the checks will be big ones! In addition to what is paid by Medicare, Presidential pays you \$70.00 a week for first 13 weeks, and a full \$100.00 weekly while hospitalized thereafter...for an additional 91 weeks if necessary! You can receive as much as \$10,010.00 for each new illness or injury when hospitalized!

Pays you \$100.00-a-week cash maternity benefits!

Ordinary hospital insurance may take care of part of your expenses when you go to the hospital to have a baby. But what policy can you think of that gives you cash to help buy all the things you need for the new baby? Now, if both husband and wife are insured for the entire pregnancy and have added Coverage for Children and Maternity Benefits, you get extra cash to use any way you want. If a pregnancy, childbirth or even miscarriage puts you in the hospital for one day, five days, 10 days—as long as necessary—you get \$100.00 a week for every day of your confinement.

All these added cash benefits.

Added cash benefits: Up to \$2,000.00 cash for accidental loss of limbs or eyesight, when the loss occurs any time within 90 days of the accident. Nothing can replace such a loss, but a check for \$1,000.00 or \$2,000.00 brings peace of mind during the period of adjustment.

Added cash benefits: Choose Coverage for Children (with or without Maternity Benefits) and all your dependent, unmarried children from ages one month through 18 years will be covered, too! Presidential pays up to \$6,240.00, at the rate of \$60.00 a week, when your youngster is hospitalized...for removal of tonsils, appendix or any other illness or injury. Yes, you will receive \$60.00 a week cash, week after week while the child is in the hospital, even for as many as 104 weeks!

We pay your premiums when you are not able.

If you—the person to whom the basic policy is issued—are hospitalized just 8 weeks or more, all premiums for you and all Covered Members that come due while you are still in the hospital after this period will be paid by Presidential. And your protection continues as if you were paying the premiums yourself! Then if you leave the hospital and must return for the same condition before you have resumed full normal activities for 180 days, Presidential will again PAY ANY PREMIUMS WHILE YOU ARE IN THE HOSPITAL—for as long as 104 weeks—for the total confinement! This means you pay no premiums, yet your full protection remains in force—you collect a maximum of \$10,400.00 for the confinement!

These are the ONLY exclusions!

Your Presidential Policy covers every conceivable kind of sickness or accident except conditions caused by: war or any act of war; any mental disease or disorder; pregnancy, except as provided under the Maternity Benefit provision; and expenses resulting from any sickness or injury you had before the Effective Date of your Policy...during the first 2 years only.

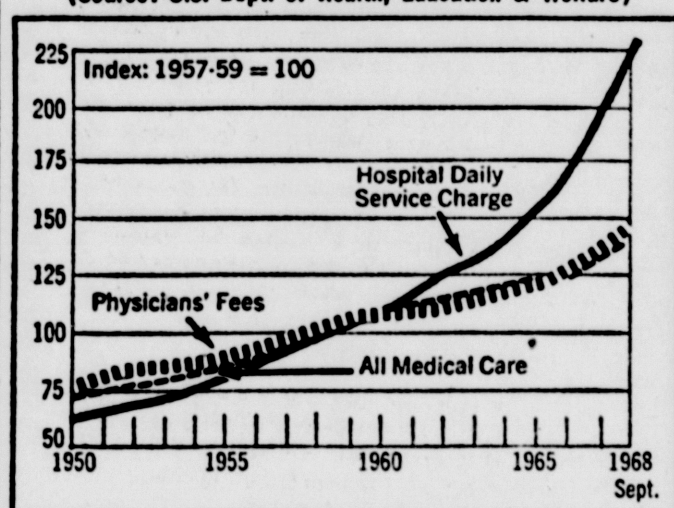

This last item is a real help if you already have a health problem. If you are sick before you take out this Policy, you will even be covered for that condition after the Policy has been in effect for 2 years. Meanwhile, of course, every new condition is covered immediately! You are covered for care in the hospital of your choice, except, of course, a U.S. Government hospital or nursing or convalescent facility.

Medical Costs Skyrocketing!

(Source: U.S. Dept. of Health, Education & Welfare)

The New York Times, Jan. 6, 1969

Govt. figures reveal your present health protection... may no longer protect you against today's rising medical costs! Don't leave your loved ones defenseless! Act at once to add coverage that provides to a maximum of \$10,400.00 health protection for only 25¢ for the first month for entire family.

Period—and we must receive your Enrollment Form the same time as all the others in order to pass on to you the savings that come from processing many policies at one time. This highly efficient "Mass Enrollment" method cuts costs to the bone—and the savings are passed on to you!

We mail you the Policy as soon as we receive your Enrollment Form. When the Policy arrives, examine it in the privacy of your own home. Take all the time you need. It's a very short document, and you'll be pleasantly surprised to discover there is NO FINE PRINT. Then—show it, if you wish, to someone you trust. Perhaps your lawyer, accountant, or doctor. Better still—show it to your own insurance man...even though he may very well be working for another company! If he is a personal friend, he has your best interests in mind. So he can believe him when he tells you there is no better bargain available anywhere—at any price!

GRATEFUL POLICYOWNERS WRITE...

"Let me say the full payment as per the policy was most gratifying. There was doubt in our minds for some time especially where we started with only a first payment of 25¢, but that doubt now has been completely erased. The settlement definitely was in full payment for the time in the hospital and our sincere thanks for the check."

LETHA SCHRECKENGAST, Cedar Rapids, Iowa

"Just a few words to thank you for the prompt manner in which you settled my claim. I certainly will recommend Presidential Life Ins. to my friends."

Mrs. SYLVIA LEVIN, Los Angeles, California

Presidential Life rated "A+ Excellent"

Dunne's Insurance Report, the world's largest reporting service, gives Presidential a rating of A+ EXCELLENT. There is no higher rating a company can attain!

Money-Back Guarantee—In case you change your mind.

Even after you mail your Enrollment Form below...even after you examine the Policy in your own home and talk it over with anyone you wish...even after all this you are still free to return the Policy within 15 days of the date you receive it, and your quarter will be refunded at once. There will be no obligation whatever.

Meanwhile, all during the 15 days you are making up your mind—you'll be protected by \$100.00-A-WEEK extra cash benefits just as if you had already said "yes." That's right, you will be covered all this time for any accident or illness which puts you in the hospital, even if you finally decide to return the Policy.

However, after you've seen the Policy for yourself, you will surely agree that this is a tremendous value and you'll want to continue this \$100.00-A-WEEK extra cash protection.

HERE ARE YOUR LOW RATES—

The following rate chart shows how little it costs after the first month to cover yourself, your spouse, and any adult dependents. Naturally, at these low rates, we can issue only one policy of this type per person. Each adult—16 or over—pays (per person) the rate shown for his or her age.

Age at Enrollment	Monthly Premium Per Adult
16-44	only \$3.45
45-49	only \$3.95
50-54	only \$4.45
55-59	only \$4.95
60-69	only \$5.95
70-74	only \$6.95
75 and over	only \$8.95

Only \$2 more covers all your dependent, unmarried children...

from the ages of one month through 18 years. And then, if you wish, just add \$1 more to that, and you're covered for Maternity Benefits, too! Newborn children are covered automatically at the age of one month—at no additional cost!

NOTE: The regular Monthly Premium shown here (for age at time of enrollment) is the same low premium you will continue to pay; it will not automatically increase as you pass from one age bracket to the next! Once you have enrolled in this Presidential plan, your rate can never be changed because of how much or how often you collect from us—or because of advanced age—but only if there is a general rate adjustment, up or down, on all policies of this type in your entire state!

Act NOW—"Later" May Be TOO Late!
Just 25¢ covers your whole family for the first month.

TIME IS PRECIOUS! Act quickly. (No salesman will call.) Get your Enrollment Form into the mail today—because once you suffer an accident or sickness, it's TOO LATE to buy protection at any cost. That's why we urge you to act today—before anything unexpected happens.

THESE 19 QUESTIONS AND ANSWERS

Tell you how Presidential's EXTRA CASH HOSPITAL PLAN gives you the protection you need—at amazingly low cost!

1. How much will my Policy pay me when I go to the hospital?
\$100.00 per week—to the full maximum of \$10,400.00 cash. If you're over 65, you collect to a maximum of \$10,010.00 cash benefits on top of any Medicare benefits. \$70.00 a week for first 13 weeks, and \$100.00 weekly while you remain continuously hospitalized afterwards, for a maximum of 91 additional weeks! You collect cash not just for yourself, but for all covered members of your family when they are hospitalized!

2. When do I collect \$2,000.00 extra cash for accidents?
We pay you \$1,000.00 extra cash for complete accidental loss of one hand or one foot or sight of one eye, and \$2,000.00 extra cash for loss of both hands or both feet or sight of both eyes—even if the loss occurs as long as 3 months after the accident.

3. What if I am hospitalized by the same illness—again?
You still collect your \$100.00-a-week extra cash to the full maximum of \$10,400.00. You need only to have resumed full normal activities for just 180 days—then if you are hospitalized for the same illness you begin to collect all over again.

4. If I receive more money than my total medical bills—do I keep the "extra cash"?
You certainly do! We always pay you the full \$100.00 a week—all the way to the maximum of \$10,400.00 cash. And even if your bills add up to just part of that amount, you still keep every dollar of the extra cash—tax-free! That's why this Policy's called an extra cash plan. It's perfectly possible under this plan for you to come out of the hospital with extra dollars you can use for bills, rent or anything else. And if you already have some health or hospital insurance—all the better for you. Because we pay you anyway, on top of what they pay you! On top of Blue Cross, Major Medical, Workmen's Compensation, or whatever insurance policies you have with other companies!

5. Will you pay me \$100.00-a-week cash—even for pregnancy?
Yes! Many health plans don't cover pregnancy. But we do, when Coverage for Children and Maternity Benefits are added to the basic plan. You collect maximum cash benefits of \$10,400.00—for pregnancy, childbirth or miscarriage that results in a hospital stay. (Both parents have to be enrolled in this plan for entire pregnancy period.)

6. Do you pay me cash even for my children, too? And...for my "future" children?
You collect \$60.00-a-week cash anytime your child goes to the hospital, when Coverage for Children is added to basic plan. A maximum of \$6,240.00 each time any dependent, unmarried child (ages 1 month through 18 years old) is in the hospital for sickness or injury. And if you have a growing family—as soon as your newborn child's one month old, he too is covered automatically...at no additional cost to you!

7. Are there times I might collect as much as \$20,800.00...as much as \$41,600.00?
There are! Remember, we pay cash not just for you, but for every covered member of your family. So if you or your spouse are hospitalized more than once...or even both of you more than once...or if a child gets sick or has an accident—you could end up collecting \$20,800.00 or more! And that's not the whole story. Presidential gives you an EXTRAORDINARY DOUBLE-CASH BENEFIT. If you and your covered spouse are both in an accident and go to the hospital at the same time...Presidential pays you \$400.00-a-week tax-free cash. This amount is paid for as long as both of you remain in the hospital. Even for as long as 104 weeks! You receive up to a maximum of \$41,600.00—to pay for doctor and hospital bills and other expenses resulting from one accident alone!

8. Can I spend my cash benefits any way I please?
Yes! Spend the money any way you choose. Use it to pay your hospital, doctor and nursing bills. Use it to pay for rent, food, clothing. Or put it in the bank to replace any savings spent during your hospitalization. All cash comes direct to you (not to doctor or hospital unless you request it) so you alone decide how it is to be spent!

9. Must I pay taxes on the money you send me?
Certainly NOT! Every dollar we send you is 100% tax-free.

10. Am I ever allowed to stop paying premiums during a long stay in the hospital—yet still remain fully covered?
Yes, you are! All premiums that come due after you—the person to whom the basic Policy is issued—are in the hospital just 8 weeks or more...do not have to be paid by you! Yes, even if you are in for months, a year or longer! We pay all premiums for you, and for all covered members of your family, too, while you remain hospitalized. You aren't expected to pay us back either.

11. How can you give me so much—for so little?
